Notes/Narratives

NARRATIVE

Narrative:

On 05/02/12, at approximately 1308 hours, I responded to [REDACTED] Gilbert reference a domestic dispute. Prior to my arrival, communications advised a female yelled prior to the line disconnecting. Communications then advised there were shots fired. Communications further advised the suspect had possibly fled in a black passenger car.

Upon arrival, I observed a black passenger in front of the residence that was facing the house and in the roadway. I exited my vehicle with my department issued M4 and approached the vehicle which was not occupied. While standing near the vehicle, I observed a male subject lying on the ground near the front door of the house. Officer Zamora arrived on scene and made numerous announcements. Officers Arrowsmith and Romney arrived on scene and we formed an immediate action team. We approached the residence in an attempt to locate any suspects or victims. As we approached I observed another male subject on the ground near the front of the house. Both subjects outside appeared to have sustained fatal gunshot wounds. Officer Romney identified the subject nearest the door as the suspect JT Ready. I instructed Officer Romney to stay with the bodies as I moved up with the immediate action team past the subjects and to the front door. Officer Mortensen arrived and joined the immediate action team.

As I neared the front door, I observed three additional subjects lying just inside the doorway with what appeared to be fatal gunshot wounds. Two of the subjects appeared to be adult females. The other subject was an infant female who was later identified as Lilly Maderos. Additional information from communications indicated there was a female RP still inside the residence. We entered the home and cleared the residence. Officer Gardner arrived on scene and made entry to support the IA team. Officer Zamora located a living female inside the home and she was escorted out of the home. See additional officers supplements for further. After the home was clear, I turned over my rifle to Officer Romney and began checking Lilly for signs of life with Officer Roden. She was on her right side lying near the front entrance with her head near the east wall. We believed we located a pulse and requested Fire enter and render aid. Gilbert Fire was able to locate a rhythm. They moved her to the front yard and placed her on a backboard as they prepared her for transport.

I remained with the Lilly as she was transported by Southwest Ambulance to Maricopa County Hospital. While enroute Gilbert Fire and Southwest Ambulance personal performed lifesaving measures on her. Upon arrival at the hospital Lilly was brought inside the ER where hospital staff ultimately pronounced her dead at 1403 hours. Her diaper and clothing were placed in a bag which remained in my possession until I turned it over to Detective Tomory.

I escorted Lilly to the family room as she was carried by hospital staff. I waited in the room with Lilly until Detective Tomory and Officer Bake arrived. Officer Bake and I located the charge nurse, who provided us with the names of the Physicians who were responsible for Lilly upon her arrival at the hospital. See his supplement for further. See Detective Tomory's supplement for further on her involvement at the hospital.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Notes/Narratives

When Detective`s completed their investigation at the hospital, I returned to Gilbert.

This concludes my involvement and this case is forwarded to investigations for follow up.

Supplement Notes

On 5/2/12, at 1308 hours, I was dispatched to a family fight at [REDACTED] in Gilbert, AZ. While enroute, Communications advised a second 911 call had come in reference the address. The second caller advised shots were fired and there was blood everywhere. It was reported the suspect had possibly left the scene in a black sedan.

While enroute, I heard Officer Rhees advise the vehicle was at the residence. I arrived on scene from the west. I saw Officer Rhees, Officer Zamora, and Officer Arrowsmith approaching the residence from the south. I deployed my patrol rifle and approached the house from the west. The garage vehicle door was open so I posted on the 1-2 corner to cover the garage and garage person door. From my position, I could see a male subject lying on the concrete path leading to the front door. The subject was laying face down and had a large amount of blood around him. I held my position at the garage while the immediate action team cleared the residence.

After the residence was clear, I assisted Officer Roberts with his attempt to clear the backyard from the east wall. While I was doing so, I saw a small child being brought out on a stretcher. The child had a gunshot to the head and I did not observe any signs of life.

The crime scene tape was set up and I assisted with getting the fire department and ambulance crews up to the house in order for them to render aid. Once this was done, I was ordered to leave the scene by Lt. Ruet.

Nothing further.

NARRATIVE:

On 05/02/12 at approximately 1309 hours, I responded to [REDACTED] reference a domestic dispute. While I was driving to the house, 911 dispatchers advised there were gun shots possibly fired at the residence. Officers arrived on scene and advised there were multiple gunshot victims in the residence.

When I arrived on scene there were several police vehicles in the street and officers in the front yard facing an opened front door. The garage door was opened as well. I met with Ofc. Perron at the west side of the residence and we jumped the wall into the back yard of the residence to the west. We visually cleared the back yard of [REDACTED] from the adjacent yard due to a large aggressive dog being in the back yard of the residence.

After assisting Ofc. Perron, I went back to the front yard and officers were putting up crime scene tape to secure the area. I could see two adult males in the front walk way of [REDACTED], both appeared deceased with wounds to their head and blood on the concrete walk way where their heads lay. Fire Department personnel exited the home with a small child and placed her on a stretcher. The child appeared to be deceased as well and had a head wound. I then left the immediate area and went back away from the scene to speak with supervisors.

It should be noted I did not enter the home or back yard of the residence during my involvement.

Supplement Notes

On 05-02-2012 at approximately 1310 hours, I responded with numerous other Gilbert PD officers and Gilbert Fire to the report of a family fight with shots fired. Upon arrival to the area, I immediately deployed my issued Remington 870 shotgun and ran to join the team at the front of the house. A few officers had just entered the house to begin a systematic search for victims and survivors.

As I approached the front door of the residence, I saw what appeared to be a white male subject about thirty years old laying on the concrete walkway that leads to the front door next to the garage. He had obvious injury to his head/upper body area and there was a large amount of blood coming from his head / upper body. He appeared to be deceased.

There was another white male subject laying closer to the doorway who also appeared to be deceased from gun shot trauma.

I did not check for vitals on either subject as they appeared to be deceased, it was still a "hot" scene and suspect information was very limited.

Ofc Romney, who was covering the front door entry way, advised that I was not needed inside, but to post on the outside for perimeter coverage as it was not known if there were any outstanding suspects. I moved to the front yard of the neighboring residence at [REDACTED] and held cover on the east side of the house and back yard. I maintained that position until Officer Rhees advised that the inside of the residence was cleared. Ofc Rhees requested that perimeter officers clear the outside and back yard of the house.

Officer Perron took a team and attempted to clear the back yard. They got around from the southwest corner, over the wall and into the back yard to clear around the northwest corner and into the main area of the yard, but there was a large dog in the back yard and they could not clear all the way around to the porch and the east side of the house.. At that time, I asked Ofc Yarbrough to assist me in looking over the wall and keeping my shotgun while I climbed the wall and cleared the east side of the house and corresponding yard area.

After moving back out to the front of the residence, I was asked to assist with securing the perimeters with crime scene tape. I retrieved two roles of tape from the trunk of my patrol car. I was instructed to tape off a red Volkswagon Bug that was parked on Monterey on the east side of [REDACTED]. I was advised that the vehicle was related to the house and possibly the victims and that it had not been cleared. I tied tape around the small palm tree next to the sidewalk on the property of [REDACTED] around the front end of the VW to the driver door mirror, around the rear of the VW and back to the tree. As I walked around the VW, I stepped on a .223 round that was laying in the roadway approximately five feet east of the driver door. I did

Supplement Notes

not know if it belonged to a responding officer or if it was part of the scene so I stood by it until Ofc Osborne retrieved a traffic cone from the trunk of PD Veh 1929. I marked the round with the traffic cone by putting it directly over the round. I then notified Sgt Meyer, GPD Violent Crimes Supervisor, of the presence of the round.

I stood by the tape of the secondary perimeter as instructed by Cmdr. Buckland, until relieved by Ofc Mortensen.

I had no further involvement in this investigation.

Supplement Notes

On 05-02-12 at 1310 hours I responded to the area of [REDACTED] as a back-up officer reference a domestic violence call where subjects have been shot.

Upon my arrival, I noticed there were numerous police officers and fire personnel at the home, so I placed my patrol vehicle at Lago Estencia and Candlewood and blocked the roadway allowing only emergency personnel to enter and exit the area.

This concluded my involvement in this case.

Supplement Notes

Supplemental Report:

On 05021012 at approximately 1308 hours, I was dispatched to [REDACTED], Gilbert AZ, in reference to a Family Fight. While en route, Police Communications advised gun shots had been fired and there were multiple subjects that had been shot. They further advised the suspect had possibly fled the scene in a black car. As I entered the neighborhood, Officers on scene advised the suspect vehicle was still on scene.

Upon arrival, I observed multiple officers on scene. I approached the scene and remained outside near the garage as officers cleared the interior of the residence. From my position I was able to see two male subjects on the front sidewalk, leading from the carport to the front entry door. I was advised by other officers both subjects appeared to have gun shot wounds to their head. Neither subject was moving and blood was visible around their bodies.

I could also see the front entry way into the house. I was able to see what appeared to be three additional bodies inside the residence. I could see that one body closest to the exit of the door was that of a small child. The other two bodies appeared to also be adults.

As soon as officers cleared the home, Officer Rhees and I attended the baby girl, in an effort to locate any signs of life. I could see [REDACTED] pooling of blood next to her head. She was laying on her back with her head near the east wall of the entry way. Her body was diagonal with her feet pointed to the west of the house. Her face was turned towards her right shoulder and her right cheek was on the floor. Officer Rhees and I, both checked for a pulse on her neck and then her arms. Her arms and neck were still warm to the touch, and we both detected a pulse on the inner part of her upper left arm. We requested Officers advise Fire to enter to render aid to the child. Soon after, Gilbert Fire personnel arrived and advised they were able to detect a rhythm on her. They moved the baby to the front yard and placed her on a back board, where they continued to prepare her to be transported. Officer Rhees remained with the baby when she was transported to the hospital by Southwest Ambulance. He later advised me the baby did not survive.

After the entire scene was secured, I was advised to return to the Police Department to complete my supplemental report. I arrived at the same time as Officer Samuels. He had transported the only survivor from the residence, to the Police Department to be interviewed. I then followed him and her up to the Investigations Department, to show him which interview room to have her wait in. Detective Hartin met us as we arrived and escorted the female to the interview room.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

Refer to Detective Hartin`s supplemental report for information with regards to that interview. This concludes my involvement in this case.

Supplement Notes

On 5-2-12 at approximately 1308 hours, communications dispatched a fight call at [REDACTED] in Gilbert. When this call was dispatched I was southbound on Stapley / Cooper near Baseline. Communications then advised shots had been fired and subjects were down at the location. I responded code three to the location. Upon arrival Officers on scene had advised two subjects were down in front of the residence. Officers advised they were about to clear the residence. An Officer was set up a little to the southwest of the garage, watching the garage and an Officer was set up near the front door. I stepped over the bodies of two male subjects on the sidewalk leading to the front door. They each appeared to have wounds to their heads and appeared deceased. I got in behind Officers Mortensen and Zamora just after they entered the doorway of the residence. There were two adult female subjects and a baby lying on the floor just inside the entrance. They also appeared to have wounds to their heads and appeared deceased.

I followed Officer Zamora and Officer Mortensen to the right as other Officers held the living room area. There was a short hallway to the right with closets on each side. At the end was a locked bedroom that Officer Zamora forced open and found the female reporting party who was upset and distraught. Officer Zamora quickly escorted her out of the residence as Officer Mortensen and I continued to clear that area of the residence. The hall turned left and we checked a bathroom and another room before checking the master bedroom at the end of the hall. No one else was located in the residence. I then assisted in a secondary search of that area of the residence and again no one else was located. During the searches I noticed a black shotgun on the floor of the master bedroom and an AR style rifle under the master bedroom bed. There were also some boxes near the end of the bed that could have been ammunition boxes.

I then assisted in checking on the victims at the scene. I checked for a pulse on the younger adult female that was nearer the front door next to where the baby had been lying. There was a large amount of blood under her head and there appeared to be brain matter on the floor. There was no pulse on the younger adult female subject. Another officer checked for a pulse on the other adult female with negative results as well. Officer Reese checked the pulse on the baby and indicated fire personnel needed to come in and care for the baby. All three subjects appeared to have injuries to their heads and there was a large amount of blood under their heads. I noticed several empty bullet casings lying on the floor around the female victims and baby. The scene was determined to be clear and then Gilbert fire personnel were advised to come in. Gilbert fire personnel came in and began providing care for the baby and quickly removed her from inside the residence and transported her to the hospital.

I remained near the front door to control the scene as Officer Cluff took pictures inside the residence. Officer Allen controlled the entry way near the garage to control the scene. Fire personnel hooked up leads to all the adult subjects at the scene and confirmed they were deceased. Gilbert Fire personnel then cleared from the

Supplement Notes

residence. As I was standing near the front door I noticed a camouflaged semi auto handgun lying on the side walk in between the two male subjects. At this point Investigations was taking over the scene and everyone was advised to clear the residence. Crime scene tape had already been put in place and I went outside the tape leaving the scene. I was then advised to provide security on the west end of the scene at Tumbleweed and Bonito. I remained at this location until later contact with Investigation personnel. I then was allowed to clear from the scene. This concluded my actions and involvement in this matter.

NARRATIVE:

On 05/02/12, at 1308 hours, dispatch advised of a domestic dispute at [REDACTED], Gilbert, AZ. As units were en route to the call, dispatch advised further of shots fired and multiple people being shot. I then responded to the scene.

When I arrived, there were multiple units there, and officers had formed an immediate action team. Officer Roden was standing by near the garage and Officer Yarbrough was standing at the 4/1 corner of the house with his rifle. I went and posted with Yarbrough. As I was standing on scene, the immediate action team entered the house. As they were clearing the house, a white female (Brittany Mederos) was escorted out of the house. As Brittany came out of the house, she was crying and hysterical. I immediately went over to Brittany and took her to my squad car and sat her down in the front passenger seat. As I stood by Brittany, Lt. Angstead asked Brittany how many people were in the house and what were the names. Brittany gave Lt. Angstead the names of the victims and the suspect.

Later, Detective Hartin arrived on scene and asked me to drive Brittany to the Gilbert Police Department. I left the scene and took Brittany to the Gilbert Police Department.

CONCLUSION:

No further action by this officer.

Supplemental Information:

On 05/02/2012 at approximately 1308 hours, I responded to the listed address reference a domestic violence call for service. Prior to my arrival dispatch advised a female was back on the phone with Gilbert Police reporting shots fired. I responded Code 3 from the Gilbert Police Central Station to the listed residence.

Upon arrival at approximately 1312 hours, I approached Officer Rhees and Officer Zamora behind a black passenger car facing north on S. Monterey St in front of the listed residence. Verbal announcements were made toward the residence. I approached with the immediate action team and observed two adult white male subjects who appeared to have sustained fatal injuries from gunshot wounds. Both male subjects were on the entryway sidewalk outside of the home. I then observed an open door to the home and three additional subjects who appeared to be deceased. Two adult female subjects and a small child were located inside the entryway of the residence and appeared to have suffered fatal gunshot wounds. Additional information from dispatch stated the female RP was inside the residence in the bedroom. I entered the residence to locate any suspects or victims and to clear the house with the immediate action team. Additional Officers located and assisted the female RP from the residence and attempted to check for signs of life (See Officers supplements for further details).

After clearing the home for any other subjects I remained on scene to secure the crime scene. I was then posted as Command Security west of the listed residence. This concludes my involvement.

Supplement Notes

On 5-02-12 I was acting supervisor for Team 1 as lead officer. At about 1308 hours I responded to this incident. Upon arrival I observed officers had set a perimeter and an immediate action team was in the house clearing the house. Sergeant Sanger was on scene and had command of the scene. Sergeant Sanger asked if anybody had a camera. I returned to my vehicle and retrieved a camera. Sergeant Sanger directed me to enter the residence and take photographs of the scene. I photographed the front of the residence and observed two male subjects with gunshot wounds laying on the sidewalk near the entrance.

I entered through the open garage. Inside the garage I observed what appeared to be a stockpile of ammunition and tactical gear. I entered through the kitchen and observed two adult females and a small child on the floor near the front door within the living room of the residence. Fire department personnel entered behind me and somebody stated they were going to remove the child. I took a picture of the child before fire personnel moved the child. A firefighter picked up the child and I observed a large amount of blood and what appeared to be [REDACTED] an exit wound. I observed the child had an entry wound in her face. An adult female was laying directly north of the child with her head facing south. This female had a bullet wound to the left temple. Another adult female was laying southwest of the first female with her head facing north and her feet to the south. This victim also had a bullet wound in the left temple. I took several photographs of the female victims and took a few pictures of the other rooms in the house. I observed a shotgun and ammunition on the floor within the master bedroom. I also noticed a spent bullet on the floor inside a the bedroom located directly east of the living room hallway. I returned to the living room and observed as fire personnel put leads on the two adult female victims. Fire personnel confirmed the females were both dead. I went out the front door of the residence and took photographs of two male subjects laying on the sidewalk south of the front door. I noted both males had bullet wounds to the head. I observed a handgun, which appeared to have been painted silver laying on the ground behind the leg of one of the male subjects (the subject located to the north). This subject was also clutching a cell phone in his left hand.

Upon leaving the immediate area of the residence I was directed to move from the immediate scene. Detective Allen took my camera for a few minutes and took several pictures of the outside of the residence. The pictures taken by Detective Allen are identified as MEMO0001 through MEMO0011. The remainder of the pictures P1000615 through P10000654 are photographs I took with the camera.

Copies of these photographs have been impounded as evidence at the Gilbert Police Department.

After debriefing with command staff on scene I was cleared to leave the area. As I was leaving the scene I was approached by a male, who appeared to be distraught. The male identified himself to me as Jess Boggs.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

Jess said his aunt called him and told him something had happened at his ex-girlfriend's house. Jess told me his daughter, Lily Lynn Maderos, lived at the residence and he was concerned for Lily and Amber Maderos, Lily's mother. Jess showed me a picture of Lily on his cell phone. I immediately recognized the child as the same child I had observed within the house. Jess seemed to recognize my reaction to seeing the picture and he began to wail and cry. I asked Jess to move behind a residence because we were attracting the attention of the media. Jess moved behind a residence and Detective Hartin approached and officially notified Jess of the death of Lily and Amber. Jess continued to cry and stated Amber had asked him to come get Lily earlier in the day. After several minutes Detective Hartin advised me I could leave the scene.

This concludes my involvement in this matter.

Supplemental Report
Neighborhood Canvas
05-02-12

On 05-02-12 I responded to the area of [REDACTED] Gilbert to assist with the ongoing investigation. I received direction from Sergeant Marino to conduct a neighborhood canvas around the area of the residence in question. Myself and Detective Arenas went as team 3 to the following addresses and spoke with any neighbors that were home. The following is the information gathered during the neighborhood canvas:

[REDACTED]: No vehicles were present in the driveway and no one answered the door. I had observed Officer Tetzlaff escort one female from the house prior to conducting the neighborhood canvas.

[REDACTED]: No vehicles were present in the driveway and no one answered the door.

[REDACTED]: No vehicles were present in the driveway. Spoke with Louise Galley the only occupant of the home. Louise stated she was at home working on her computer. She "clocked out" or finished working at 1300 hours. She left her front room, which faces out to Monterey Street and went into the backyard to do yard work. As soon as she got outside, she heard three loud "cracks" which she thought was someone doing construction work outside. Immediately after hearing the three cracks, she heard two cars speed off south bound on Monterey Street and turn right onto west bound Candlewood Lane. After hearing the vehicles leave the area of the incident, she heard one or two more loud cracks. Louise then heard the police officer sirens as they entered the neighborhood. Louise went to her front door and opened it as police officers approached the neighborhood. Louise went back into her home and waited for contact by the police.

Louise stated that approximately two weeks prior to the incident, she went to the mailbox, located on the west side of Monterey. She noticed that there were cars parked in front of the residence in question that she had not seen before. One of the vehicles was dark in color. She could hear people talking in the doorway of the residence and stated they did not sound happy. She could not hear what they were talking about, but stated it was odd.

Louise did not have video surveillance on her home.

[REDACTED] Two vehicles were observed at the residence, to include a white Lexus passenger car, [REDACTED] and a white Ford F150 [REDACTED]. I spoke with Nancy Codere who stated she was home alone all day but did not hear anything at the time of the incident. Nancy had no further information concerning the residence in question. Nancy resides with her husband Michael Codere, step-daughter Kiera Codere and her son Ralph Mendoza. Nancy did not have video surveillance on her home.

[REDACTED] No vehicles were present in the driveway and a lockbox was seen on the security door. I looked through a front window and noticed the house was vacant and empty of furniture.

[REDACTED]: Two vehicles were in the driveway of the residence, a white Ford Ranger, [REDACTED] and a Lincoln Mark LT, [REDACTED]. I spoke with Debbie Linnebur who stated she was not at home at the time of the incident. Her daughter Page Linnebur was at home sick, but was asleep at the time of the incident. Debbie asked Page if she heard or saw anything and Page had not. Debbie resides with her

Supplement Notes

husband Greg Linnebur and their two children, Page and Ryan.

Debbie stated that approximately one year ago to the day, she called the police because someone at the house in question had raised a flag in the back yard and started to burn a tree stump. She remembered the incident and the date because it was the day after Bin Laden was killed. The police and fire department responded, but she was unsure if contact was made with the people in the home. Later a man in camouflage shorts went outside and put out the fire with his garden hose.

Debbie did not have video surveillance on her home.

[REDACTED]: A gold Saturn passenger car was observed in the driveway, [REDACTED] I spoke with Tommy G. Creighton. Tommy stated that he was working at Lowe's during the time of the incident and wasn't home. His son, Andrew Creighton also was not at home. Andrew had left the house at approximately 1230 hours for school at ASU. Tommy stated that he has not observed any odd or suspicious activity near or at the residence in question. Tommy had no video surveillance at his residence.

I took notes of all the residences where contact was made or attempted. I later impounded the notes as evidence regarding this case.

No further action was taken by this investigator at this time.

SUPPLEMENTAL REPORT:

On 05-02-12 at approximately 1337 hours, I was contacted by Sgt. Shippee and he informed me of a shooting that had just occurred at [REDACTED] in Gilbert, AZ. I did not receive details of the shooting as the investigation was still unfolding. Sgt. Shippee instructed me to respond to the command post which was located at Tumbelweed and Golden Key.

I arrived on scene at 1454 hours and attended a briefing. After the briefing, I was assigned by Sgt. Marino to canvas some of the homes in the area. Det. Krzak and I were assigned to team 3 and made contact at the below listed residences:

[REDACTED] - No one home

[REDACTED] - No one home

[REDACTED] - No one home

[REDACTED] - Made contact with Louise Galley [REDACTED] Louise works from home. At 1300 hours she clocked out on her computer and then went out into her back yard. Immediately thereafter, she heard three gun shots and then heard two vehicles screeching as they drove off. She believes the vehicles turn west onto Candlewood from Monterey, since she was still in her back yard and did not hear them pass in the opposite direction. Louise said she then heard one to two more shots and then could hear police sirens approaching the area.

[REDACTED] - Made contact with Nancy Codere [REDACTED] Nancy was not at home at the time of the incident.

[REDACTED] - Vacant House.

[REDACTED] - Made contact with Debbie Linnebur [REDACTED] Debbie was not at home at the time of the incident. Her daughter, Page Linnebur, was home asleep, but did not hear anything. Debbie stated a year ago today, on the day of Osama Bin Laden's death, she called the PD because the residents at [REDACTED] had posted an American Flag in their yard and were burning a stump, which caused her house to fill with smoke.

[REDACTED] - Made contact with Tommy G. Creighton [REDACTED] Tommy was not home at the

On 05/02/2012 at about 13:09 hours, I heard a call dispatched involving shots fired at [REDACTED]. I started to the call from about nine miles away and arrived at about 13:26 hours, just as Lt. Mike Angstead announced that he was taking command of the incident. I saw two deceased males on the front walk bleeding from gunshot wounds. There was a lot of blood. I saw a baby girl being removed to an ambulance on gurney. She had a gunshot wound to her head. Officer Rhees went to the hospital with this victim. I assisted in firming up the perimeter and made various assignments. I assigned Officer Gardner to stay at the front door and ordered all other patrol and fire department personnel to remove themselves from the scene and to check in with Officer Castronova so they could be logged out of the crime scene. Officer Mike Cluff was inside the house taking pictures and was told to stay inside and carry out that task. I allowed Fire Chief Dave Rodriguez and two of his firefighters to go inside through the garage to attach leads to other victims to confirm death. I compiled a list of first responders and supplied it to Lt. Angstead for intelligence purposes as detectives would need to talk with each of them. I assigned the following officers to remain at the scene and secure the perimeter until they were interviewed and released: Officers Zamora, Arrowsmith, Romney, Mortensen, Roden, Gardner, Samuels, and Cluff. I contacted Officer Samuels at his car where the sole survivor, Brittany Maderos was seated crying. I told him to stay with her until relieved by detectives. Officer Castronova remained at the scene maintaining the crime scene log. I did not enter the house and I did not conduct interviews. I left the area at about 14:23 hours and responded to other calls for service.

SUPPLEMENTAL REPORT:

On 05-02-12 at approximately 1431 hours, I was contacted by Sgt. Marino and advised to respond to the command post which was located at Tumbleweed and Monterey to assist with canvassing the neighborhood.

I arrived on scene at 1435 hours and attended a briefing. After the briefing, Detective Ledford and I were assigned by Sgt. Marino to canvas the homes west of [REDACTED], Gilbert, AZ on the north side of the roadway (even numbers).

The first house Detective Ledford and I contacted was [REDACTED], Gilbert, AZ.

Upon contacting the resident, Budd Moyer [REDACTED], he advised the following information: He and his mother in law, Katie Moore [REDACTED] were in the backyard of their residence when they heard one gunshot and then heard four to five more in a row. Budd stated he went out of front of his residence and looked around, he did not see anything. Budd then walked next door to 530 West Tumbleweed and observed two males laying on the ground shot. Budd immediately ran back to his house and called 911. Budd advised his two children; Mason Moyer [REDACTED] and Marie Moyer [REDACTED] were inside the residence. Budd also told me his wife, Janelle Moyer [REDACTED] was not home during the incident. Budd advised he only knows the male subject next door [REDACTED] as "Jason" the boyfriend of Lisa and believed he was a US Border Patrol Agent. Budd advised me that he remembered a couple days ago when he met "Jason" outside his residence, he observed "Jason" putting a shotgun and body armor into Jason's vehicle. Budd asked "Jason" if he was a hunter and he advised he hunts "two legged varmints" "these legged varmints shoot back" Budd advised us that yesterday (05-01-12) Jason seemed like he was not in a good mood for some reason and he did not give specifics as to why Jason was not in a good mood. Detective Ledford and I then contacted Katie Moore (mother in law of Budd Moyer) and she advised that she was in the backyard of the residence when she heard one gunshot and then four to five more. She then advised Budd went to the front of their residence to find out what happened and came back shortly after calling 911 regarding a shooting next door to the west. Katie Moore advised she was just visiting from Oregon and did not live at the residence. The only vehicle parked in the driveway was a 2004 Toyota Van bearing an Arizona license plate [REDACTED] registered to Budd and Janelle Moyer.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

The second house Detective Ledford and I contacted was [REDACTED], Gilbert, AZ.

Upon contacting the resident, Louis Park [REDACTED] he advised the following information: Louis stated he was the only one home and did not hear any gun shots or yelling. Louis advised his parents were not home during the incident. Connie Sahadi [REDACTED] and Donald Sahadi [REDACTED]. The only vehicle parked in the driveway was a 2004 Ford F150 bearing an Arizona license plate [REDACTED] registered to Donald and Constance Sahadi.

The third house Detective Ledford and I contacted was [REDACTED], Gilbert, AZ.

There was no one at the residence and a business card was left on the front door.

The fourth house Detective Ledford and I contacted was [REDACTED], Gilbert, AZ.

Upon contacting the resident, George David [REDACTED] he advised the following information: George stated he was the only one home and does not work. George advised he did not hear anything today. George did advised last winter, he observed 3-4 young men approximately 20-25 YOA in Army fatigues taking out rifles from a pickup truck and their faces were painted. George told me his 18 year old; Kimberly Davis (who does not live at the residence and lives at [REDACTED] worked with Lisa (one of the victims) at Wendy's on Cooper. Other members of the residence are Jane Ashley-Davis [REDACTED], Laura Davis [REDACTED], Jill Ashley [REDACTED], and Andrew Davis [REDACTED].

The fifth house Detective Ledford and I contacted was [REDACTED] Gilbert, AZ.

Upon contacting the resident, Tammy Cowden DOB [REDACTED], she advised the following information: Tammy advised she was in the backyard of her residence when she heard three gunshots. Tammy did not hear any yelling or screaming. Tammy thought it was construction noise at first not gunshots. Tammy only knows Amber and Lisa and believes "JT" is a border patrol agent. Tammy went on to say she did she in the past, a bunch of "JT's" buddies with flak jackets and a lot of guys in the garage of [REDACTED] doing something. Tammy also advised she hasn't spoke to Lisa in quite a while. The only vehicle parked in garage was a 2002 Saturn 4DSD bearing an Arizona license plate [REDACTED] registered to Tammy and William Cowden. Tammy the other residents of the home are William Cowden [REDACTED] and her son, Daniel Cowden [REDACTED].

The sixth house Detective Ledford and I contacted was [REDACTED], Gilbert, AZ.

Upon contacting the resident, Sandi Wilder [REDACTED], she advised the following information: Sandi advised she was not home during the incident. Sandi only knows Lisa through the HOA, which her husband (who was also not home during the incident and not currently home as we spoke) is on the HOA board. Sandi's husband is Chip Wilder [REDACTED]. I observed a white toyota bearing an Arizona plate [REDACTED].

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

and a tan 2001 Hyundai 4DSD bearing an Arizona plate [REDACTED] registered to Almon Wilder III and Sandi Wilder.

The seventh house Detective Ledford and I contacted was [REDACTED], Gilbert, AZ.

Upon contacting the resident, (through a bathroom window, due to he would not open the front door or come outside) Dan Foreman [REDACTED] he advised he had no information to offer the police. Dan stated he did not hear or see anything.

The eighth and last house Detective Ledford and I contacted was [REDACTED], Gilbert, AZ.

Upon contacting the residents, Douglas Atkins [REDACTED] and Kathy Atkins [REDACTED], they advised they did not know the victims and did not see or heard anything. I did not observed any vehicles.

Supplemental Report

05/02/12 - I was directed by Sgt. Marino to respond to the area of [REDACTED] in Gilbert to assist VCU detectives in a homicide investigation. Upon arrival, I waited for Sgt. Marino to provide further direction.

Sgt. Marino directed Detective Wakefield and I to conduct a neighborhood canvass for the residences located west of the target residence on the north side of the road. We contacted residents at all but one house [REDACTED] and a business card was left at that residence requesting contact. For details regarding the interviews refer to Detective Wakefield's supplemental report. Before leaving each residence, we conducted a perimeter check of each residence for stray bullet rounds and damage with negative results.

Upon completion of our canvass, I was directed to return to the GPD and complete a supplemental report.

Supplement Notes

On 5-2-2012 at approximately 1309 hours I responded to a call of a shooting at the listed address. Comments on the call stated there were several people who had been shot and it was unknown where the suspect was at the current time.

As I responded to the scene I heard other officers advised over the police radio the house had been checked for any other suspects or victims and the backyard of the home had been mostly checked but a large dog was preventing them from searching the rest of the yard. I responded to the front of the home and could see there were numerous other officers already assigned to specific tasks. I assisted on scene by setting up an inner perimeter and outer perimeter with yellow crime scene tape. As I was establishing the crime scene perimeters I could see Gilbert Fire paramedics moving a small child on a backboard from the inner perimeter. I could not tell the sex of the child as its face was covered in blood and the child appeared to be between the ages of one and two years old.

I remained on scene for a short time after establishing the crime as security personal until relieved by Lieutenant Ruet.. While I was on scene I did not enter the home where the incident occurred and did not speak to any victims, suspects or witnesses involved in this case.

This concluded my involvement in this investigation. NFI.

Supplement Notes

On 05/02/12 at approximately 1309 hours, I responded to [REDACTED] reference a shots fired call. Upon arrival I took a position with the immediate action team in the front walkway. There were two adult males in the front walk way, both appeared deceased with wounds to their heads and pooled blood on the concrete where their heads lay. I entered the house with Officer Rhees, Arrowsmith, and Zamora, and began clearing the house. As I entered the house there were three additional bodies just inside the house, two adult females and a very young infant female, all had head wounds. I helped clear the east side of the house that included the bedrooms and master bedroom. After all rooms were cleared, I assisted in clearing the backyard, but only did a minor search due to a large agitated dog. I entered the garage and assisted Officer Arrowsmith in clearing a vehicle and the garage area.

After the residence was cleared I assisted in taping and securing the area. There is no further action by this officer.

Supplement Notes

On 5-2-12, I responded to [REDACTED] to assist in the investigation of a report of shots fired with multiple victims. Upon arrival, I saw Officer Rhees, Zamora, and Arrowsmith posted at the rear of a black Chevy Impala which was parked in front of the residence. The four of us advanced toward the house in an attempt to locate any suspects or victims at the scene. Near the front door were two males laying on the sidewalk. There was a large amount of blood around the heads of both males. Prior to arrival, to the house Dispatch said the suspect doing the shooting was J.T. Ready. As we approached the males near the front door I saw the first male lying near the end of the walkway with a cell phone in his hand. He appeared to be shot in the head and did not show any signs of life. A handgun, which was painted tan, was located near the back of the first male. We continued toward the house and I recognized the second male as J.T. Ready from prior contact I have had with him. He had a gunshot wound to the head and did not have any signs of life. J.T. was shirtless wearing tan pants and tan boots. He had an empty gun holster on the right side of his belt and an extra magazine in a holster on the left side of his belt. Officers Rhees, Zamora, Arrowsmith, Mortensen, and Gardner entered the house to search for suspects and victims still in the house. Just inside the front door were several more bodies laying on the floor. I stood at the front with the two downed males as the other officers searched the house.

Officer Zamora located a survivor inside the house and brought her to the front door. I escorted her to the driveway where Officer Samuels took her and escorted her from the scene.

No further action by this officer.

Narrative:

On 05-02-12, at approximately 1308 hours, I responded to [REDACTED], reference a Domestic Disturbance involving shots fired. I responded with my lights and sirens activated in a fully marked patrol vehicle. While en-route, Communications advised the suspect may have left the area in a black passenger car. Upon my arrival, I observed Officer Rhees #2765 exiting his vehicle, south of the residence. I also observed a black passenger car parked on the street in front of the residence. The garage to the residence was also open.

I positioned my vehicle west of Officer Rhees` vehicle, on Monterey, facing the residence. Upon exiting my vehicle, I dismounted my AR-15 Patrol rifle at which time I immediately loaded one round in the chamber. At this point, I did not know where the suspect was located as I did not see any head movement inside the black passenger car which would indicate he was inside. I observed Officer Rhees approach the black passenger car at which time he visually scanned the interior. Officer Rhees indicated the vehicle was clear. I then proceeded to give commands over my vehicles loud speaker for everyone inside the residence to exit with their hands above their heads, in the event the suspect was inside. I repeated these commands two more times at which times I did not observe any movement from the residence.

I then approached the rear of the black passenger car, using it as cover. Upon arriving at the rear of the car, I then observed what appeared to be a male adult, laying on the front walkway leading away from the front door. At this point, I proceeded to loudly advise, "Gilbert Police! Come out with your hands up!" I repeated this command at least two times. The male subject remained still. At this point, Officer Rhees, Officer Arrowsmith #2851, Officer Mortensen #2596 and I formed an immediate actions team, at which time we approached the residence in a tactical stack. I was in the number two position behind Officer Rhees. Upon approaching the front door, I observed the first male subject laying in a pool of blood. It appeared he had a gunshot wound to his head. I then observed a second adult male subject laying motionless on the same walkway, just outside the front door. The male subject also appeared to have a gunshot wound to his head. The subject was also laying in a pool of blood, which formed around his head. I further observed a semi-automatic hand gun (desert color) on the ground nearest to the first male subject, furthest away from the front door.

At this point, Communications advised the suspect was named "J.T. Ready." Officer Romney #2588 advised he knew who J.T. Ready was. I asked Officer Romney if he could identify one of the male subjects as J.T. Ready. Officer Romney confirmed the male subject laying closest to the front door was in fact J.T. Ready. Upon positioning ourselves directly outside the open front door, I observed two female adults laying on the

Supplement Notes

floor with what appeared to be gunshot wounds to their heads. I further observed a baby laying on the floor closest to the front door. The baby also appeared to have a gunshot wound to her head. All three subjects had pools of blood forming around their head area. All three subjects were motionless.

Prior to entering the residence, Officer Rhees quickly checked for signs of life on the male suspect closest to the door, believed to be J.T. Ready. Officer Rhees lightly kicked the male suspect on the stomach at which time I observed the male suspect was completely limp. Upon entering the residence, we proceeded to clear the interior for further suspect(s) and victims. Officer Mortensen and I immediately proceeded down the hallway, located to the immediate right. Upon entering the hallway, I noticed it was fairly dark and all the doors leading to the hallway were closed. I could also faintly hear a female crying. Upon approaching the first closed door, I opened it, at which time I entered a hallway bathroom. No subjects were located inside the bathroom. Upon continuing to the next closed door, I attempted to open it, at which time I discovered it was locked. I immediately forced entry by kicking in the door, at which time I observed a white female crying uncontrollably inside. The female was standing in the center of the room holding a cell phone to her ear. The female was the reporting party maintaining an open line with Communications. After clearing the room, I observed Officer Mortensen and Officer Gardner continue down the hall. At this point, I told the female we needed exit the residence. I advised the female "Just keep walking" due to the fact we were going to have to walk in the immediate area of where the bodies were located in order to safely exit the house. I then grabbed the female by her left arm, while holding my rifle in my left hand in the "low ready position", and I proceeded to physically escort her out of the residence. Upon entering the hallway, the female observed the bodies on the floor at which time she began crying hysterically. I advised the female to "Just keep walking" as I continued to escort her, stepping over the body of at least one of the female victims and around the other two victims. I physically escorted the female outside the residence, at which time I handed her over to Officer Romney, who was positioned outside the front door.

Upon re-entering the residence I searched the living room area and garage. No other subjects or victims were located. We were unable to search the rear yard of the residence, due to a large dog. Detective Perron advised he and other Officers would search the rear yard.

Upon securing the interior of the residence, I proceeded to check for signs of life on the female adults inside. I first checked the female lying furthest away from the front door. I was unable to find a pulse on her carotid artery. I also did not see her chest rising or falling nor could I hear any labored breathing. I also lifted her eyelids in an attempt to check for eye movement. The female was completely motionless. Officer Rhees and Officer Roden proceeded to check for signs of life on the baby. Officer Gardner requested a secondary check for signs of life be conducted on the female closest to the front door. I then checked the female's carotid artery unfortunately I could not feel any pulse. I also checked for a pulse near her wrist, at which time I was unable to feel a pulse. I did not hear any labored breathing nor did I observe her chest rising or falling. The female was completely motionless. At this point, the Gilbert Fire Department arrived on scene. The Gilbert Fire Department soon transported the baby from the residence. Upon Fire personnel picking the baby up off the ground for transport, I observed what appeared to be brain matter in the pool of blood where the baby was laying.

Detectives from the Investigations section soon arrived on scene and assumed command of the residence. The residence was then turned over to Investigations. I removed myself from the residence and out of the inner perimeter. Members of the immediate action team remained at the location to brief Detective Biggs and Sgt. Marino.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

While speaking with Detective Biggs, I advised him I ejected a live .223 round on the Monterey street, near a red Volkswagon Beetle. The round was marked with a traffic cone. I ejected the live round after giving announcements when I first arrived on scene but prior to approaching the black car. I ejected the round to ensure my weapon was fully loaded.

This concludes my involvement in this case. Nothing further from this Officer.

SUPPLEMENTAL REPORT:

On 05-02-2012 at approximately 1312 hours, I was dispatched via MDC to a call for service where the victim reported hearing shots being fired. The caller advised she was at [REDACTED], Gilbert.

While en-route, I heard Gilbert Officers arrive on scene. They reported seeing the suspect's vehicle at the residence. In addition, officers advised they were entering the house to search for victims and survivors; which include the original caller. They indicated four adult subjects were located deceased at the residence.

I arrived at approximately 1319 hours at the residence. As I approached, I observed numerous officers at the residence. I noticed the officers were in the residence, in the garage and in the front yard. I began to place crime scene tape up around the immediate residence. Additional officers assisted by place an outer crime scene perimeter. I then began to establish a crime scene for the residence; which was identified as the inner perimeter. I immediately documented every Gilbert Police personnel and Gilbert Fire Department personnel I observed in the inner perimeter.

Upon starting the crime scene log (around 1325 hours), I observed the following employees were on scene:

Sergeant Sanger (1091)
Officer Good (2718)
Officer Yarbrough (2166)
Officer D. McLaws (2484)
Detective Perron (1357)
Detective Davis (2459)
Commander Fixel (473)
Officer D. Metzler (3533)
Officer Pitmann (4097)
Detective Rimbach (3418)
Lieutenant Angstead (1482)
Lieutenant Ruet (170)
Sergeant Meyer (1753)
Detective Halliday (2144)
Officer Roden (2322)
Officer Zamora (882)
Officer Mortensen (2596)
Sergeant Fisher (789)
Officer Romney (2588)
Detective Allen (2909)
Officer Gardner (2287)
Lead Officer Cluff (1576)

Gilbert Fire Department Engine 254:
S. Hiskey (3611)
Boarders (3701)

Gilbert Fire Department Engine 257:
J. Garcia (3610)
Nelson (510)
Pajas (3613)
F. Plite (1548)

Battalion Chief D. Rodriguez (498)

The inner perimeter was ultimately secured at 1338 hours and the above listed personnel were removed from the scene.

I remained on scene and I kept a visual of the inner perimeter. At approximately 1406 hours, I began a second crime scene log for the inner perimeter. Sergeant Fisher and Officer Davis entered the crime scene to cover the victims with a blanket due to the high visibility of the media on the ground and in the air. They left the crime scene at 1409 hours.

At 1420 hours- 1424 hours: Sergeant Fisher, Detective Dunwoody (ASU PD- 590) and K-9, Disney (ASU PD-K590), were in the crime scene to search for possible explosives.

At 1524 hours- 1528 hours: Detective Davis (2459), Service Aid Boyd (2858) and Officer Rathell (Rabies Animal Control- 483), were in the crime scene to remove the family dog from the backyard.

At 1640 hours- 1711 hours: Sergeant Walz (Mesa PD Bomb Squad-9167), Sergeant Meyer (1753), Detective Biggs (2506) and Detective Halliday (2144), were in the crime scene for the initial Search Warrant entry.

At 1709 hours, J. Jeffries (Tempe PD K-9- 235), Sergeant Fisher (789), Detective Dunwoody (ASU- 590), Officer Razo (Tempe PD K-9- 15985); entered the crime scene.

At 1715 hours, Elmer (Mesa PD Bomb Squad- 11233), O'Connell (Mesa PD Bomb Squad- 13912), D. Waltenbaugh (ATF-0335), Bettendorf (ATF-1019), Besta (ATF- 4195) and Ballard (FBI-15024), Sergeant Walz (Mesa PD Bomb Squad-9167), Detective Biggs (2506) and Detective Halliday (2144); entered the crime scene. The police personnel remained in the crime scene until I was relieved at 1730 hours by Officer Potter. I provided the information to Officer Potter for his Crime Scene Log.

The original Crime Scene Log completed by this Officer was impounded into the Gilbert Property Department as evidence, ITEM # 314732.

No further action was taken by this Officer.

Supplement Notes

On 05/02/12 at approximately 1309 hours, I responded to [REDACTED] reference a shooting call. Upon arrival I observed Officers inside the entry way of the residence providing aid to shooting victims including a two year old child. I observed Officer Samuels escorting a female victim from the residence to his patrol car. I had Officer Castronova start a crime scene log and put up crime scene tape. I also had Officer Cluff take initial scene photographs. Fire was already on scene and was moving the infant from the residence to the front yard before she was transported to the hospital.

At this point the house had been cleared for other persons by the first responding officers and they were attempting to clear the back yard which contained an aggressive German Shepherd. After the residence was cleared additional crime scene tape was put up as an outer perimeter and the neighborhood streets were blocked off. Lt. Ruet asked me to leave the scene and make myself available for service as I was the only patrol supervisor available at this time.

Supplement Notes

Supplement

On 05-03-12 at approximately 0200 hours, I responded to the listed address to assist with the crime scene security. Upon arrival I relieved Ofc. Potter. I maintained the crime scene log until 0650 hours, when I was told that the crime scene security detail was no longer needed. I later impounded the two crime scene log sheets that I utilized during the detail.

On 05-03-12 at approximately 0650 hours, I escorted Valley Express Towing to the Gilbert Police Department evidence lot. Valley Express towed a Chevy Impala [REDACTED] from the listed location to evidence lot for evidentiary purposes. The vehicle tow sheet that I completed is attached to this supplement.

Nothing further.

Supplement Notes

SUPPLEMENT NARRATIVE:

On 05/03/12 at approximately 0150 hours, I responded to the area of [REDACTED], Gilbert, Arizona, to assist with scene perimeter security. Upon my arrival, I relieved Officer Jordan from his perimeter security position at the intersection of W. Tumbleweed Road and S. Bonito Court. I remained at this location on scene perimeter until I was relieved by Officer Hellend at approximately 0715 hours. This was the end of my involvement.

Supplement Notes

On 05-03-2012 at approximately 0745 hours, I was requested to respond to the Property/Evidence Building reference this case. Upon arrival, Det Halliday advised me that an ID which I had seized on a traffic stop prior to responding to this call was found at the scene.

The AZ ID, number [REDACTED] was recovered at the front of the residence next to one of the decedents. I remembered leaving the station where I was going to impound the ID and an unrelated bond payment to respond to this call. I had the ID clipped onto the front right pocket of my vest.

When I arrived at the scene I deployed my shotgun and responded to the immediate action team at the front door entry way of the house. I assume that while holding my shotgun at the ready position, the butt stalk of the shotgun knocked the ID from where it was clipped. The ID was going to be seized for destruction as a suspended license reference GPD DR 12-7077. It was turned over to me by Det Tomory and has been impounded under 12-7077.

Nothing further.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

On 5/2/12, I responded to [REDACTED] in Gilbert reference a family fight with multiple shooting victims. I arrived on scene and noted it was approximately 1322 hours. Officers were already on scene and upon my arrival, I heard on the radio that it was not believed that there were any outstanding suspects. As such, I took a position in the street approximately 30 feet from the driveway of [REDACTED] to assist with traffic control. I could see a male wearing dark clothing laying on the walkway wearing dark clothing which had a patch on the shoulder with blood on the sidewalk by his head.

I was advised by fire personnel that an ambulance was attempting to enter the scene to transport one of the victims. The streets in front of the house were very congested with police and fire vehicles and I began to have vehicles moved so the ambulance could gain access. The ambulance parked in front of the residence and I observed paramedics wheel a small female child out on a gurney and place her into the ambulance. I could see a large amount of blood on the female's head. Officer Rhees entered the ambulance and threw me his key to his patrol vehicle so it could be moved if needed while he rode to the hospital.

A crime scene was established and I moved outside the inner perimeter as the crime scene log was initiated. I then remained on scene to assist with the outer perimeter security and traffic control. While on scene I assisted with directing multiple agents and personnel from various agencies to the command post for assignment. I also had a male arrive on scene stating his younger step-sister, a minor, was home alone near the location of the shooting and he would like to pick her up. I contacted Jenna Gorospe at the address he provided and asked if she was home at the time of the incident. As I spoke to her at the front door, dogs were barking from inside the residence. Jenna told me she had been home, but did not hear anything. Jenna was escorted from her residence after she contacted a guardian to advise them she was leaving the house.

Ultimately, I was relieved from the scene and left my post at Candlewood & Monterey at approximately 1530 hours.

No further action by this officer.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

Supplement:

On 5/2/12 at approximately 1430 hours, I responded to [REDACTED], Gilbert reference a shooting which had occurred at approximately 1308 hours. Upon arrival, Detective Allan and I maintained a position within the outer perimeter waiting for further instructions. At approximately 1545 hours, Sgt Marino assigned Detective Allan and I a detail requesting we canvass 9 residences, 6 of which were on the south side of W. Tumbleweed Road and 3 residences located within a cul-de-sac on S. Bonito Court. All subjects who were contacted were interviewed within their respective residences. Audio recordings were taken at each residence whether a subject was or was not contacted and the recordings were impounded as evidence.

Audio recording WS 30298 - [REDACTED]
No vehicles in driveway, no answer at the front door.

Audio recording WS 30299 - [REDACTED]
No vehicles in driveway, no answer at front door.

Audio recording WS 30300 - [REDACTED]
One white Nissan Maxima bearing the AZ plate of [REDACTED] and one black Isuzu Rodeo covered with a blue tarp parked in the driveway, unknown plate.
Marla Moore and Kelly McGuire were contacted at the front door and stated they live at the residence. Marla was sleeping during the incident and heard nothing. Kelly stated he had just returned home from playing golf at around 1300 hours he heard 3 gun shots. Kelly stated he recognized the gun shots because he is a retired DPS Officer. Both stated they have had very few contacts with the members that live at [REDACTED]. Kelly stated Lisa's boyfriend came by the house one year ago during Saint Patrick's Day and offered Kelly a Red Beer because he was flying an Irish flag on his house. Marla stated Lisa was always doing the yard work and never received any help from her boyfriend. Marla stated Lisa has stopped talking with them because Lisa became angry with them because they would not allow Lisa to use a grass spreader. The couple stated the boyfriend drove a black Chevy while Lisa's daughter drove a red Volts wagon. They could not provide any additional information.

Audio recording WS 30301 - [REDACTED]
One gray Infinity bearing the AZ plate of [REDACTED] in the driveway.
Debbie Breeze was contacted at the front door. Debbie stated she was not at the residence during the incident because she had left to pick up her daughter at school. Her son, Alex Breeze, had arrived at the residence between the hours of 1330 and 1400 to find several vehicles in the neighborhood. Alex contacted a neighbor (NFI) who had advised him there had been a shooting down the street. Alex called Debbie and gave her the information. Debbie arrived to the residence with her daughter at around 1515 hours. Debbie stated she did not personally know the subjects who lived at the residence, however knew Lisa's name because Lisa had come by her residence about 6 months ago requesting some assistance. Debbie could not recall what Lisa had asked for during the encounter. Debbie stated she knew Lisa has lived at the residence for more than 19 years and during most of that time Lisa lived there with her two daughters. Then a "new person, new guy" moved in and she noticed he was always wearing military gear. She thought he was ex-military. Debbie also noticed there was a lot of clutter in the garage after the man moved in. Before that, the garage was normally very clean.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

One white Chevy Cobalt bearing the AZ Veteran plate of [REDACTED] in the driveway. Janie Stinnett and Ben Stinnett were contacted at the front door. Ben and Janie stated they were the only two at the residence when we arrived. Janie was in the residence during the incident; however didn't hearing anything until she heard the news helicopters flying above the residences. Ben stated he arrived to the residence at around 1400 hours. After arriving, he checked his Facebook account was told to look at Amber Mederos' Facebook account. He looked at Amber postings and found short postings like "worried, Praying, and Need to get out of here." Janie stated she has been living in her residence for about 21 years and knew of Lisa and her daughters because they were one of the only 3 original home owners in the area. Janie stated it has been years since she has had contact with Lisa.

Audio recording WS 30303 [REDACTED]
No vehicles in driveway, no answer at the front door.

Audio recording WS 30304 - [REDACTED]
No vehicles in driveway, no answer at the front door.

Audio recording WS 30305 - [REDACTED]
Recording inadvertently stopped and restarted at this residence.

Audio recording WS 30306 - [REDACTED]
No vehicles in driveway.

Megan Porter was contacted at the residence. Megan stated she had returned home at about 1200 hours. She stated she thought she heard a loud noise at around 1315 hours. She first thought the noise was from a recycle truck or a construction crew breaking concrete. There were two noises she heard and she did not think they were gun shots at the time, stating if she would have thought they were gun shots, she would have been nervous. Megan stated she has lived in her residence for about one year and had only spoken to the owners at [REDACTED] very briefly four months ago while running past their house. She stated there has only been one strange occurrence near her residence over the past year. During the month of October, at around 1730 hours, 3 men dressed in camouflaged gear, and carrying assault rifles, came to her front door and told her that her garage door was open. The men advised her they were walking around and wanted to make sure no one had come into her garage. Telling her there had been break-ins recently in the neighborhood. Megan stated she did not feel alarmed.

Audio recording WS 30307 - [REDACTED]
One green Ford Escort bearing the AZ plate of [REDACTED] in the driveway. Margery Lopez was contacted at the residence. Margery stated she had moved into the residence on Thursday and could not provide any information concerning the neighbors or the area. Only knew of the incident today because of the news.

This concludes my involvement.

NEIGHBORHOOD CANVAS

On 5-2-12 at approximately 1430 hours, I responded to the area of [REDACTED] - Gilbert to assist in contacting neighbors that may have been witnesses. The following is a summary of those contacts:

[REDACTED]
At approximately 1500 hours, I contacted Alexa Kalas at this address. Alexa stated she had been home all day, and did not hear any commotion coming from her neighbor's residence. While she was talking on the phone, she heard a loud bang, like a car door slamming close. A short time later, she heard another three bangs. She went to the door to see what was causing the noise, and saw officers running past her house.

Alexa stated she used to play with Brittany and Amber when she was younger. She knew that Amber had a boy friend, and that Amber also had a child. She did not know Amber's boyfriend, or the name of her daughter.

I asked Alexa if she knew of any issues that any of the residents had with each other, or of any fights they may have had, and she stated she did not. Amber stated that it was not unusual for JT to be dressed in camo and carry a rifle to go "patrol" the border. She has seen several other subjects dressed the same way and meet JT at the residence before going out. She stated she was never concerned because her father is a hunter, and dresses in camo and has weapons.

Alexa did not have any additional information at that time. I asked her if I could check the inside and outside of her residence for any damage that it may have sustained. She agreed and directed me around the residence. No damage was seen to her residence or her vehicle (black Isuzu [REDACTED]) I then concluded my contact with Alexa.

[REDACTED]
At this residence I contacted Corey Sherman. Corey stated he had been asleep during the incident. He stated he got home from work, and went to bed at approximately 0600 hours.

Corey stated he was not surprised that this happened, because he thought they were all "nutty." He stated that

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

he had observed JT and his girlfriend, Lisa, arguing, and thought that police had been to their residence several times for domestic disputes.

Corey described JT as a "nazi guy" and stated that he kept odd hours. It was not unusual for there to be coming and going in different cars at different hours of the day or night. Corey also observed that Lisa would take walks with her daughter late at night.

Corey reiterated that he did not hear anything, and did not wake up until he heard the police sirens.

[REDACTED]
No one answered the door, and no one appeared to be home.

[REDACTED]
At this residence I contacted Lieselotte Senge. She advised that she did not know anything about the residence on Tumbleweed. She did occasionally see Lisa walking and saw others doing regular home maintenance work, but nothing else. She had been home all day, but did not hear or see anything.

[REDACTED]
At this residence I contacted Rulon Lee and Kahala Kohl. Both are married and were out shopping from approximately 1230 hours to 1500 hours. They did not see anything unusual in the area recently. They did not know anyone at the Tumbleweed address, but did see Lisa walking late at night occasionally.

[REDACTED]
Julie Callan reported that she lives at this residence and came home at noon. She does not know anyone at the Tumbleweed address. She has not recently heard or seen anything unusual. She stated that shortly before she heard the police sirens, she thought she heard some cars racing on a nearby road. She did not see the cars, and speculated that they were on the "circle" since a lot of cars race there.

This concluded my involvement in this case.

Supplement Notes

On 5-2-2012 at 1308 hours, Gilbert PD officers were dispatched at first to a reported family argument at [REDACTED]. As officers were enroute additional information was dispatched indicating that gun shots had taken place at the house. When officers arrived they reported several people at the house were found shot both inside and outside the house.

At 1352 hours, Det. Bullock, who was at the scene, contacted me and advised me that command personnel at the scene was requesting all Traffic Unit officers to respond and assist with scene security. He also told me that he and I were ultimately going to be asked to diagram the scene. Det. Bullock and I are members of the department Collision Reconstruction Team. Diagramming scenes is a large part of our investigation into vehicle collisions.

I responded to the Gilbert Police Department's sub-station and gathered all necessary equipment that would be needed to help with gathering points of measurements. Those points would later be used to construct the diagram.

When I arrived at the scene, I was first tasked with assisting on maintaining scene security in the area of Tumbleweed Rd. and Bonito Ct. Over time Det. Bullock, Ofc. Delleart, and I were told that the front of 5 specific houses, which included the house where the shooting had taken place, needed to be measured and diagrammed. Around 1700 hours and while the Department's Investigation's Unit was waiting to obtain a search warrant for the house, we took measurements on the other 4 houses. Those houses were [REDACTED]. We also measured the sidewalk and roadway around all the houses. The equipment we used was a Trimble GPS measuring equipment.

As we took points of measurement I operated the Trimble unit while Det. Bullock and Ofc. Delleart assisted with a tape measure. Once we completed the measurements on the 4 houses we waited until the obtained search warrant was served and we were asked to take measurements of the house / evidence.

Around 0115 - 0130 hours on 5-3-2012, we were requested to take all necessary measurements in front and around the address of [REDACTED]. This time Det. Bullock operated the Trimble unit and Ofc. Delleart and I used a tape measurement.

Just prior to 0200 hours, we finished our measurements. Before leaving the scene I contacted Sgt. David Meyer to make sure we were no longer needed. At approximately 0205 hours, I was released from the scene. Det. Bullock will be the person completing the scaled diagram based on the measurements we took. This completes my involvement in this case.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

On 05-02-12, at approximately 1500 hours, I was asked to respond to the incident location (on Tumbleweed) to assist with this investigation.

Upon arrival, I contacted Sergeant M. Marino at the command post. Sergeant Marino assigned Detective Forthofer and me to canvass houses located on Sagebrush, one street north of the scene. Between Detective Forthofer and myself, contact was attempted at five residences- Detective Forthofer and I were together at three houses, and each did one separately (5 total). The following is a summary of my involvement:

[REDACTED]

Detective Forthofer and I made contact with Roben Smalley, who identified himself as a resident of this address, at approximately 1628 hours. Roben is a high school student and was gone from the residence until 1400-1430 hours. Roben was familiar with some of the occupants of the residence on Tumbleweed. He described one occupant as a white male, late 30's, who Roben occasionally saw outside with kids. Roben also noted there was a suspicious, older El Camino in the neighborhood 2-3 months ago, but could provide no other details.

[REDACTED]

Detective Forthofer and I made contact with Rulon Lee and Kahala Kohl. See Detective Forthofer's supplemental report for details.

[REDACTED]

Detective Forthofer and I attempted contact at the front door but received no response. A vehicle bearing Arizona license plate [REDACTED] was in the driveway, but appeared inoperable.

[REDACTED]

I made contact with Debi Stevens. Debi explained she was gone for work between 0850-1430 hours and did not know about the incident on Tumbleweed. When she returned home, she asked her mother, Lydia "Frances" Mann, and daughter, Shannon Stevens, if they knew what was happening. Both indicated they did not know about the incident. Frances is an elderly female (78 YOA), who often sleeps late. Shannon is disabled and spends a great deal of time in her bedroom, which is located on the north side of the house, farther away from the address on Tumbleweed.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

This concludes my involvement.

Supplement Notes

On 5/02/2012 at approximately 1430 hours, I responded to [REDACTED] to assist with traffic and scene control. Upon arriving at the location, I assisted Command with assigning various Traffic Unit officers to perimeter security positions.

After the Traffic Officers had been relieved from the perimeter security positions, I assisted Det. Coody and Det. Bullock with measuring the crime scene for a scale diagram of the scene. At approximately 0230 on 5/03/2012, I cleared the scene after the scaled diagram measurements were completed.

This concludes my involvement in this case.

Supplement Notes

On 05/03/2012 at approximately 1308 hours, I responded to the listed address reference a call for service. Dispatch advised the caller stated a suspect had just shot four people and blood was everywhere. As I was responding to the scene other Officers arrived and cleared the residence and were asking for the roadways to be shutdown. I responded to Tumbleweed and Bonito and blocked traffic going eastbound on Tumbleweed.

After the scene was secure Commander Fixel and Commander Buckland asked for Traffic Officers to assist with perimeter positions to free up patrol. I was asked by both Commanders to assist Detective Biggs with diagramming the scene. I called Detective Coody and asked him to get our Trimble/ GPS unit and to meet me at the scene to assist with measuring the scene.

Sergeant Meyer and Detective Biggs walked me through the scene and explained what they wanted in the diagram. While detectives were attempting to obtain a search warrant Detective Coody, Officer Delleart and I measured the fronts of four houses. The houses were [REDACTED] and [REDACTED]. We also measured the sidewalks, roadways and cars in the area. After the warrant was served we measured the front of [REDACTED] to include items of evidence pointed out by Detectives.

A scaled diagram will be completed and impounded into property as evidence once complete.

Supplement Notes

On 5-2-12 at approximately 1309 hours, I responded to [REDACTED] in regards to a domestic violence call involving gun fire. I responded to the scene with my lights and siren activated. While enroute, officers responding on scene advised that there were several victims on the ground with gunshot wounds. Information was limited as to the whereabouts of the suspect. Upon my arrival, there were several police cars on scene. I quickly moved to the southeast area of the house. I heard over the radio that Ofc Rhees was clearing the inside of the house in search of additional victims and or the suspect. I advised I would assist with clearing the backyard of the house in an attempt to save time.

I moved to the west side of the house where the side gate was locked with a padlock. Ofc D. McClaws and I jumped the adjacent house's fence and moved to a position where we could visually clear the back yard. A German Shepard dog was loose in the backyard of the victim house. At one point the dog charged the wall and attempted to jump up and bite Ofc. Mclaws. Due to the aggressive nature of the dog we did not go into the yard. We continued to move around the perimeter of the yard visually clearing as we went. I did not see any people in the back yard. I returned to the front of the house where I saw a male subject laying face down with a gunshot wound to the head. This male was wearing a dark colored shirt with a patch on the left shoulder. This male was also holding a cell phone in his left hand. I observed Gilbert Fire Personnel carry a small child outside and begin first aid after placing the child on a back board. I could see that the child had trauma to its face and head. The child was quickly moved to an awaiting ambulance.

I then assisted by inquiring which fire trucks were on scene and helping Ofc Castronova as personnel exited the inner crime scene.

I remained on scene assisting as needed with scene security, command post security, rehab, and assisting the ingress and egress of responding law enforcement and fire department resources.

I secured from the scene on 5-3-12 at 0050 hours.

No further activity in this matter.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

Report Number: 12-00007100

Crime: Homicide

Location: [REDACTED] Gilbert, AZ

Detective: A. Allen

Supplemental Report:

On 05/02/2012, I was monitoring the radio when I heard a call regarding shots fired during a domestic violence dispute. The call originated at [REDACTED] in Gilbert, AZ. I responded to the call with my lights and siren activated. Upon arrival, I responded to the front of the residence. The front garage door was open. To the east of the garage door, I saw a male wearing a black shirt with patches on the shoulders lying on his left side on the sidewalk leading up to the residence from the driveway. The male had blood running from his ear and was unresponsive. I saw a large amount of blood on the concrete under his body which appeared to have originated from his head. In between the front door of the residence and the first male, I saw another male with what appeared to be a gunshot wound to the head. The second male was lying on his back.

Just inside the residence, I saw officers tending to a small infant in the entryway to the residence. I remained outside the residence while the house was searched for other occupants. While this took place, I monitored the garage entry. Fire responded and addressed the small infant. I saw Gilbert Fire personnel pick up the infant and move the infant to the grassy area to the east of the sidewalk where they attempted to treat her.

I then was asked to secure the residence for investigations. I entered the residence from the garage door entry and approached the front door entry way. I noticed two females lying on the ground in the front entryway. The older female was wearing a red Cardinals Football jersey. She was lying on her right side. I noticed a small hole consistent with a gunshot wound on the left side of her face. I saw shell casings consistent with a handgun on the ground near the females. The second female was lying on her left side.

I asked the officers inside to exit the residence to secure it for investigations. The officers complied. Gilbert Fire responded inside the residence again to place leads on the two females.

I then exited the residence after Gilbert Fire was finished. I reported to Sgt. Meyer for further assignments. I was assigned to speak with Bob Kalas who had received a call from his daughter, Alexa Kalas. Alexa was living at [REDACTED], the house to the southeast of [REDACTED]. Bob was concerned because he had been trying to make contact with Alexa through her cell phone, but was unable. He was concerned for her well being. I activated my digital recorder and interviewed Bob Kalas. For additional details, please refer to the impounded copy of the interview.

Bob told me his daughter call him an hour prior to my contact with him. His daughter, Alexa, told him she heard four gunshots. Brittney ran to Alexa's house and told her to call 911. Robert then came home because he was concerned for his daughter. Robert spoke to JT and Lisa the night prior. Robert was placing screens on the windows of JT's residence. JT showed Robert a new bullet proof vest and ammunition. Robert said the items were inside the garage. JT told Robert he needed to wear the vest to "get used to it." According to Robert, JT appeared to be high strung the prior night and was worried about "being invaded." Robert stated this behavior did not strike him as unusual for JT.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

I then asked a uniformed officer to attempt to contact Alexa at [REDACTED] and tell her her father was outside and wanted to meet with her. A short while later, Alexa was escorted from her residence and reunited with her father.

Det. Kidder and I canvassed the neighborhood in search of any evidence. We were assigned the nine houses on the south side of the Tumbleweed. When we made contact at houses, I asked the majority of the questions, which were recorded. See Det. Kidders supplement for additional information. At the completion of the assignment, we returned to Sgt. Marino and reported what we had discovered.

The audio interview with Robert Kalas was impounded into property as evidence and assigned property identification number 315001.

This concluded my involvement in the case.

Incident: Homicide

Location: [REDACTED] Gilbert, AZ 85233

Time: 1308

Supplement:

On Wednesday May 2, 2012 while working a temporary duty assignment (TDY) with the Violent Crimes Unit of the Gilbert Police Department I responded to the above address regarding a domestic incident with shots fired and possible fatalities.

When I arrived on scene, at about 1325 hours, I parked my assigned unmarked department vehicle (#1282) on W. Candlewood Lane west of W. Lago Estancia Boulevard. I proceeded towards the scene with Detective Hartin and Tomory. I was assigned to work with Detective Hartin during my TDY and awaited an assignment on scene.

The three of us proceeded towards the residence. Near the residence we were given information regarding the parties involved and assignments based on the information we had at the time. I was paired up with Detective Tomory and sent to the Maricopa County Medical Center (MCMC) where the youngest victim, Lily Mederos, was sent. I was advised Officer Rhees was there with Lily.

While en route to MCMC Detective Tomory was notified Lily was declared deceased. Refer to her supplement for further.

Upon arrival we were directed toward the `Family Room` where Officer Rhees was waiting with Lily. We spoke with Officer Rhees about his involvement at the scene. Detective Tomory then asked us to obtain the names of the doctors and nurses who worked on Lily when she arrived.

We went to the nurses` station and spoke with Nancy Lowman who was one of the nurses that assisted with Lily. She provided me with all of the names of the doctors and nurses involved. The resident doctor was Melissa Denny. The attending doctors were Mark Matthews and Tom Bostwick. The nurses were Kassie Bujold, Melanie Obrien, Kevin Yingling, Kelly Tippit and Nancy Lowman. Kelly was the actual nurse who transferred Lily from the emergency room to the `Family Room`.

I returned to the `Family Room` with this information and provided it to Detective Tomory.

At the foot of the hospital bed was a brown bag containing Lily`s denim jumper and diaper she was wearing

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

during the incident.

Detective Tomory had begun a visual inspection of Lily's body for signs of trauma and/or injury. She observed what appeared to be an entrance wound near Lily's left temple and a possible exit wound on the back right side of her head.

At the conclusion of our trip to the hospital Lily was covered up in preparation for the Medical Examiner. She was left in the locked 'Family Room' for the hospital morgue to pick up while they waited for the Medical Examiner to retrieve her.

Detective Tomory, Officer Rhees and I returned to the crime scene for additional assignments.

Back at the scene we were informed there were possible explosives and hazardous materials which required attention by trained personnel. This process took an extended amount of time prior to us being allowed into the house to continue the investigation on scene.

Around 2330 hours the Violent Crimes Unit (VCU) was allowed to enter the residence. I assisted where needed in documenting information.

Prior to the Medical Examiner's Office arrival VCU searched the subject for identification. An ID was located on the first subject in the walkway, Jim, the second subject on the walkway near the entryway, Jason and the two female inside. I located Amber's drivers' license inside of her metal license plate converted purse on the dining room table inside a small, hard black case.

I was given Jason's wallet and asked to document the items contained inside. The wallet appeared to be a military pouch/wallet with a cord to allow it to be hung around the neck. The front portion had a see through plastic piece with Jason's Arizona drivers' license. I opened the wallet up which, was a bi-fold, and began to go through the contents. The contents include:

- Pinal County voter ID card for Jason Todd Ready [REDACTED]
- Mesa Community College ID for Jason Ready
- Chase Bank debit card for Jason T. Ready
- City of Casa Grande Public Library Card
- Tip Calculation Card
- AutoZone Reward Card
- Sportsman's Guide Buyers Club Card for Jason T. Ready [REDACTED]
- Moosehead Discover Bottle Cap Opener
- Barry Goldwater Range Card (2) for Jason T. Ready expiration date of 6/30/2012
- Maricopa County voter ID card for J.T. Ready [REDACTED]
- American Metals Exchange One Troy Ounce .999 fine Silver coin

Just before the bodies were removed I was asked to draw a diagram of the location and placement of the bodies on the property. I completed three diagrams, one of the front exterior of the residence where Jim and Jason's bodies were found, the second and overall interior layout of the residence and third the entryway and living room area where Amber and Lisa were found. These diagrams were later impounded as evidence.

I then stood by as the Medical Examiners on scene began to document and remove the bodies from the scene.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

After the bodies were removed and the initial evidence was collected I assisted in executing the rest of the search warrant by searching for the items listed. I was asked by Sergeant Meyer to help him remove a firearm from the master bedroom. I observed him make sure the weapon was unloaded which he then handed to me. I took the weapon, a black Mossberg shotgun, outside and placed it on the driveway near various other firearms. I then helped document all of the weapons seized.

Close to the conclusion of the search warrant I was asked to search and inventory the black Chevy Malibu parked perpendicular to the residence on the street. The Chevy was registered to Jason Ready. On the front seat there was a club to lock the steering wheel. There was a shirt on the back seat and a repair manual on the rear right side passengers` floorboard. There were no other significant items in the passengers` compartment. The trunk was loaded with vehicle related repair and cleaning supplies along with a cardboard box of over the counter medications in Ziploc bags. This information was relayed to Officer Dorenbush in order to complete the vehicle tow form.

Once all of the evidence was collected I assisted in completing the Search Warrant Inventory forms.

I then helped take down the initial crime scene to include tables, chairs, extension cords, temporary lighting and debris.

When I left the crime scene I returned the tables and chairs to the Gilbert Fire Department who allowed us to use them.

I joined the VCU at our Property and Evidence building to help impound the evidentiary items that were collected.

After the items were impounded I participated in a debriefing of the incident and was released to go home.

This supplement transpires a two day period beginning Wednesday May 2, 2012 to Thursday May 3, 2012.

On Friday May 4, 2012 I was invited by VCU to observe the autopsies of the victims and suspect involved in this incident. This was conducted at the Maricopa County Medical Examiner`s Office in downtown Phoenix.

This concludes my involvement in this incident.

Supplement Notes

Narrative:

On 5-2-12 at approximately 1309 hours, I responded to [REDACTED] in regards to a domestic violence call involving gun fire. While enroute, officers responding on scene advised that there were several victims on the ground with gunshot wounds. Upon my arrival, there were several police cars on scene. I quickly moved to the residence and was advised the house was being cleared by other officers. I heard over the radio that Ofc Rhees was clearing the inside of the house in search of additional victims and or the suspect. I then began securing the area with crime scene tape.

I returned to the front of the house where I saw a male subject laying face down with a gunshot wound to the head. This male was wearing a dark colored shirt with a patch on the left shoulder. This male was also holding a cell phone in his left hand. I also saw another white male lying on his back with blood on his forehead. After the scene was cleared Sgt. Fisher and I placed yellow blankets over the two bodies located in front of the residence.

I remained on scene assisting as needed with scene security and assisting with the ingress and egress of responding law enforcement and fire department resources.

I secured from the scene on 5-3-12 at 0050 hours.

No further activity in this matter.

Supplement Notes

On 05/02/2012, at approx. 1346 hours, I responded to the area of [REDACTED] in reference to this incident. I was provided a briefing as to what was known at the time. I was made aware that four people were deceased inside the home and an infant was transported did not survive the injuries. I was also made aware that there was a concern that explosive devices may be present and specialty officers / units were being requested to respond to the scene.

I was requested to contact Gilbert FD to determine the approx. times that the victims in this case were checked for signs of life. Captain Nelson of Gilbert Fire #257 provided the following information:

The female described as 25 year old female by the front door: 1333 hours (later determined to be Amber)

The female described as 55 also by the front door: 1331 hours (later determined to be Lisa)

The male described as the older one by the front door was checked by company 254 at 1324 hours. (later determined to be J.T. Redding)

The male described as being the "first guy in camos" was also checked by company 254 at 1327 hours. (later determined to be Jim)

Some time later, while on - scene, I was shown photographs that were initially taken by Lead Office Cluff. I then conducted a debriefing along with Sgt. Shippee with the initial officers that went into the residence. I was provided information as to where each victim was. Ofc. Mortensen, Ofc. Gardner, Lead Officer Cluff, Ofc. Romney, Ofc. Zamora, and Ofc. Arrowsmith were present. Det. Allen, Ofc. Roden and Ofc. Rhees were not present as they were involved in other assignments. The officers described the location of each person. The photos initially taken accurately depict what each officer described as to the locations of the victims and a single pistol that was seen. The officers described what appeared to be a holster on the side of Jim's belt, but this appeared to be a large cell phone belt case. They also described a shotgun on the floor of the master bedroom, ammunition on and around the master bedroom and an AR15 with a grenade launcher under the master bedroom bed. A rough sketch was completed. This was entered into the property and evidence. Refer to the supplements provided by the involved officers for specific details.

I then looked at a map of the surrounding area and created three teams to conduct a neighborhood canvas to locate possible witnesses, possible victims of errant rounds fired during this incident and to locate any other structures that may have been hit by errant rounds. The teams were divided into four geographical areas.

- 1.Residents along the north side of Tumbleweed west of the incident location
- 2.Residents along the south side of Tumbleweed and S. Bonito
- 3.Residents along S. Monterey
- 4.Residents along the south side of Sagebrush between Bonito and W. Lago

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

Detectives Forthofer, Krzak, Arenas, Ledford, Wakefield, Allen, and Kidder were initially involved. Det. Krueger arrived and also assisted.

Each team reported back to me.

██████████ reported three gunshots, followed by two cars racing out of the area, followed by two more gunshots. This residence was approx. 5 houses to the south of the incident location.

██████████ - Ben Stinnett reported that Amber Medero had multiple recent facebook posts such as "worried." and "pray for me." This was being reported via 2nd hand information from a mutual friend.

██████████ reported that one year ago that they noticed an American flag and a burning tree stump following the reports of the death of Bin Laden and related that today was the one year anniversary of the death. They also reported that the fire department and PD could not locate the exact address at the time of the report.

██████████ reported that they heard cars racing around the neighborhood but did not hear anything else.

██████████ - Bud Moyer reported that he and his mother in law were in the backyard of his residence when they heard a single gunshot followed by 4 to 5 more. They went to the front and saw two bodies by the front door of the neighbor's house (incident location) and they then ran and called 9-1-1. They did not hear any vehicles leaving the area. Moyer's mother in law was visiting from Oregon.

Det. Krzak and Arenas checked out at approx. 1653 hours. Det. Forthofer and Krueger checked out at approx. 1700 hours. Det. Ledford and Wakefield checked out at approx. 1713 hours. Det. Allen and Kidder checked out at approx. 1650 hours.

I assisted at the command post and scene until approx. 2100 hours. Another briefing occurred and I was assigned to come back to the scene at 0700 hours the next morning.

On 05/03/2012, I was enroute back to the scene. I was contacted by Sgt. Shippee and was advised that we were not needed to respond back to the scene.

This concluded my involvement in this incident at this time.

INCIDENT: Homicide

LOCATION: [REDACTED], Gilbert, AZ

DATE/TIME: 05-02-2012 1308 Hours

VICTIMS: Lisa Mederos, Amber Mederos, Lilly Mederos, Jim Hiott

SUSPECT: Jason Todd Ready

MEDICAL EXAMINER #12-2740: Lilly Mederos

MEDICAL EXAMINER #12-2741: Jim Hiott

MEDICAL EXAMINER #12-2742: Amber Mederos

MEDICAL EXAMINER #12-2743: Lisa Mederos

MEDICAL EXAMINER #12-2744: Jason Ready "JT"

NARRATIVE:

On 05-02-2012 at approximately 1308 hours, Gilbert Patrol Officers responded to [REDACTED] Gilbert, AZ regarding multiple people inside the residence who had been shot. Reporting Party, Brittany Mederos called 911 to report she was inside her bedroom when she heard what she believed to be multiple gunshots fired inside the residence. Brittany exited her bedroom and viewed her mother Lisa Mederos, sister Amber Mederos and niece Lily Mederos lying on the ground inside the residence by the front door. All three subjects had been shot and were nonresponsive. Brittany retreated back inside her bedroom and informed dispatchers Jason Todd Ready "JT" was responsible for the shootings and Brittany believed "JT" had fled the residence in his black passenger vehicle. Brittany stayed locked inside her bedroom until Gilbert Officers kicked in her bedroom door and removed her from inside the residence.

Information obtained prior to arriving at the scene, was there were two deceased male subjects lying outside the residence by the front door. One of the male subjects was believed to be "JT" Ready based on Gilbert Officer's prior contacts with him. It was later confirmed "JT" Ready and Jim Hiott were the two deceased males in the front yard. There were two female subjects deceased inside the residence lying on the ground near the front door of the residence. It was confirmed the female decedents were Lisa Mederos and her daughter Amber Mederos. Amber's daughter, Lilly Mederos had been removed from inside the residence by Gilbert Fire Department personnel and transported via Southwest Ambulance to Maricopa County Medical Hospital located at 2601 E. Roosevelt St. Phoenix, AZ. Lilly sustained a gunshot wound to the head and had a pulse when she was found by Gilbert Officer's.

At approximately 1325 hours, I arrived in the area of the crime scene. I immediately viewed numerous Gilbert Fire trucks and Gilbert Police Department patrol vehicles in the area of the crime scene. I approached the residence and met with Sergeant Meyer who instructed me to respond to the Maricopa County Medical

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

Hospital to check on the status of baby Lilly Mederos. I was informed Officer Rhees was currently at the hospital with Lilly. Officer Bake accompanied me to the hospital.

While enroute to the hospital I received a telephone call from Officer J. Rhees. Officer Rhees informed me he was currently at the hospital with Lilly. Officer Rhees told me Lilly Mederos was pronounced deceased at 1403 hours. I told Officer Rhees I was enroute to conduct an investigation and instructed him to stay with Lilly until Officer Bake and I arrived.

At approximately 1440 hours, Officer Bake and I arrived at the Maricopa County Emergency/Trauma area. We were instructed by hospital staff to respond to Room #1-C-12K where Officer Rhees and Lilly were located. I entered the inside of the room and met with Officer Rhees. Officer Rhees was standing over Lilly who was lying on her back on a hospital bed covered with a white and blue blanket. Officer Rhees told me he was the first patrol officer to arrive at the residence on Tumbleweed. Based on the information relayed to him, an immediate action team was formed and he and the immediate action team entered the inside of the residence where they viewed three female bodies lying on the ground near the front door of the residence (Lisa, Amber and Lilly Mederos). Officer Rhees also informed me he viewed two male subjects lying on the ground outside the residence close to the front door of the residence (Jim Hiott and "JT" Ready). The immediate action team cleared the inside of the residence and located Brittany Mederos locked inside her bedroom. Brittany was unharmed. Brittany was removed from the inside of the residence and Officer Rhees and Officer Roden rendered aid to the three females lying on the ground inside the residence. The two adult females were deceased (Lisa and Amber Mederos). Officer Rhees and Officer Roden located a pulse on Lilly and advised Gilbert Fire Department to enter the inside of the residence to render aid to Lilly. Officer Rhees said it appeared Lilly sustained a gunshot wound to her head. Lilly was removed from the inside of the residence and transported via Southwest Ambulance to the hospital. Officer Rhees rode inside the ambulance with Lilly to the hospital. Officer Rhees told me emergency room doctors rendered aid to Lilly and she succumbed to her injury and was pronounced deceased by Dr. Melissa Denny at 1403 hours.

I requested Officer Bake and Officer Rhees respond to the nurse's station and attempt to get a list of the hospital personnel that treated Lilly as well as a copy of her medical records. Please refer to Officer Bake's report for a list of the hospital staff that rendered aid to Lilly. After Officer Bake and Officer Rhees exited the room, I removed the blankets that concealed Lilly's body. Lilly's diaper and denim jumper had been removed prior to my arrival and she was naked when I viewed her body. Lilly had a large quantity of dry red blood on her face, neck and ears. I viewed the left side of her skull was concave and viewed a small tear on the left side of her face below her left temple and above her left cheek. I believed this to be the entry wound of the bullet. I next viewed a large quantity of dry red blood on the back of her head. I viewed a large tear on the back right side of her head consistent with an exit wound. I could not see the whole wound due to the positioning of Lilly's head on the bed and I did not want to move the body due to the fact investigator's with the Maricopa County Medical Examiner's Office would be responding to conduct an investigation. I noted stippling on Lilly's upper left arm between the bicep and tricep on the outer portion of her arm. I also noted stippling under her neck and on the left side of her face where the entry wound was located. I took photographs of Lilly's injuries.

I received the medical reports for Lilly and Dr. Melissa Denny noted "18 month old infant brought in as RED TRAUMA. Briefly report is GSW to head. On arrival CPR was in progress and the oral pharyngeal airway was in place and the patient was receiving bag mask ventilation. Patient with obvious skull deformity, CSK leakage. CPR was held and pulses were checked unfortunately there were no pulses. Rhythm strips were

Incident/Investigation Report

Case Number: 12-000007100

Supplement Notes

obtained in multiple leads and there was no cardiac activity. Therefore the code was called given the extensive nature of her injuries, and prolonged CPR, and no pulse or rhythm. Time of death 1403 hours".

X-Rays were performed on Lilly's head and I was advised by surgeon Dr. Bostwick, Radial Pic Fragments (bullet fragments) were viewed on the X-Ray as well as a skull fracture to the left side of Lilly's head.

Hospital staff informed me the Maricopa County Medical Examiner's Office had been contacted reference responding to the hospital to take possession of Lilly. Lilly was taken to the hospital morgue awaiting the arrival of the Medical Examiner's Office. I seized Lilly's clothes and hospital records prior to leaving the hospital.

At approximately 1800 hours, I arrived back at the scene and was flagged down by Cassandra Olivier as I was exiting my vehicle. Cassandra informed me she has known Amber for approximately 7 years and was living with Amber, Jim and Lilly until 05-01-2012. They were all residing at [REDACTED]. Cassandra told me she last saw Amber, Jim and Lilly a few days prior to 05-02-2012. Cassandra told me Amber, Jim and Lilly were living at the residence on Tumbleweed with Lisa Mederos until "JD" moved in approximately 6 months ago. "JD" made Amber, Jim and Lilly move out of the house when he moved in. Cassandra told me "JD" did not like when Amber, Jim and Lilly came over to the house to visit with Lisa. Cassandra said "JD" did not want them inside the house and limited their contact with Lisa. Cassandra believes "JD" became upset today because she believed Amber was going to ask her mother if they could move back in the house with her. I asked Cassandra if Jim is currently working and she told me, "No". I asked Cassandra if she knew if Jim owned a gun and she told me she has never seen Jim with a gun. Cassandra said Amber is currently employed at Wendy's restaurant at Cooper and Warner Rd. I provided Cassandra with my business card and asked her to contact me if she has any information that may assist with this investigation.

At approximately 2330 hours, I assisted Detective Biggs with investigating the crime scene and scribing the items of evidence located throughout the crime scene, Search Warrant #2012-003912. The following items were marked with a placard, photographed and packaged by Chandler Crime Scene Technicians, seized and impounded at the Gilbert Police Department Property section as evidence:

BT1- 9mm shell casing located outside the residence on the concrete sidewalk leading to the front door.

BT2- Beretta 9mm handgun

BT3- Red substance believed to be "JT's" blood located on the outside the residence by the front door.

BT4- Red substance believed to be Lilly Madero's blood located outside the residence by the front door.

BT5- Cellular telephone located inside victim Jim Hiott's right hand.

BT6- 223 round believed to belong to Officer C. Zamora.

BT7- Bullet fragment located in the street south of the residence.

BT8- Projectile located on the second shelf of cabinet on west wall of kitchen.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

BT9- Bullet fragment located on the carpeted floor just east of the kitchen floor.

BT10- Back of cellular phone believed to belong to Lisa Mederos located on the carpeted floor of the family room, south wall.

BT11- Battery for cellular phone believed to belong to Lisa Mederos located on the carpeted floor of the family room, south wall.

BT12- Human hair believed to belong to Lisa Mederos located on the carpeted floor of the family room, south wall.

BT13- Broken cellular telephone believed to belong to Lisa Mederos located on the carpeted floor of the family room, south wall.

BT14- Bullet fragment located west of Lisa Mederos deceased body.

BT15- Shell casing located on the carpeted floor east of chair in family room, north of front door.

BT16- Shell casing located on the carpeted floor underneath wooden hutch against east wall of family room.

BT17- Shell casing located on the carpeted floor of the family room east of Lisa Mederos`s buttocks. (Lisa`s body located northwest of the front door, front door faces to the south)

BT18- Shell casing located on the carpeted floor of the family room north of Amber Mederos`s buttocks. (Amber`s body located north east of the front door, front door faces to the south)

BT19- Shell casing located on the carpeted family room floor west of Amber`s left hand.

BT20- Bullet fragment located on the tile floor front entry way north of the front door.

BT21- Projectile located on the tile floor front entry way west of the front door.

BT22- Bullet fragment located on the tile floor front entry way north of the front door step.

BT23- Bullet fragment located on the tile floor front entry way north of the front door.

BT24- Red substance believed to be Lilly Mederos`s blood on the tile floor front entry way.

BT25- Red substance believed to be Amber Mederos`s blood located on the family room carpeted floor north of the front door.

BT26- Projectile located on the carpeted floor just outside Brittany Mederos`s bedroom. Bedroom located southeast of the front door.

BT27- Bullet fragment located west of chair in family room on carpeted floor in family room.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

- BT28- Bullet fragment located underneath Amber`s body.
- BT29- Cellular telephone located inside Amber`s front right pocket of her pants.
- BT30- Bullet fragment located underneath a shoe on the tile floor front entry way north of the front door.
- BT31- Eyeglasses that belonged to Amber Mederos located on the floor south of Amber`s deceased body.
- BT32- Eyeglass lense that was dislodged from Amber`s eyeglasses located outside the front door lying on a door mat (South of Amber).
- BT33- Projectile located on the carpeted family room floor near Lisa Mederos`s deceased body.
- BT34- Shell casing located inside the residence on the tile floor entry way north of the front door.
- BT35- Jim Hiott`s wallet and AZ photo driver`s license located in the back left pocket of Jim`s shorts.
- BT36- Flashlight found on "JT"s" person.
- BT37- Keys for vehicle located in Jim Hiott`s front right pocket of his shorts.
- BT38- Cellular telephone located in "JT`s" front right pocket of his shorts.
- BT39- 2 black gun magazines located in a pouch on "JT`s" left hip.
- BT40- Black comb located in Jim Hiott`s pocket of his shorts.
- BT41- 9mm ammunition for "JT`s" 9mm Beretta handgun located in magazine found in gun.
- BT42- "JT`s" wallet and photo driver`s license located in front right pocket of his shorts.
- BT43- Change located in the left front pocket of Hiott`s shorts.
- BT44- Knife located in "JT"s" pocket of his shorts.
- BT45- Real estate book located in the left rear pocket of Hiott`s shorts.
- BT46- Indicia for Lisa Mederos, a Fry`s coupon ad addressed to Lisa.
- BT47- Indicia for "JT", Valley Express tow bill located in the desk in the family room.
- BT48- Raven .25 caliber auto handgun/holster located in the master bedroom.
- AB49- Black Mossberg shotgun serial #P740985 located in the master bedroom of the residence.
- AB50- Camouflage CN MG .223 Model 45A serial #5A20876 located in the master bedroom of the residence.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

AB51- .22 Rifle Camouflage painted unknown make and model located in the attached garage of the residence.

AB52- FAB Defense MWG .223 located in the attached garage of the residence.

AB53- Bushmaster .223 Model XM15-E28 in case serial #BF1648593 located in the attached garage of the residence.

All of the above listed items of evidence were transported to the Gilbert Police Department Property and Evidence building located at 2750 E. Williamsfield Rd. Gilbert, AZ and impounded as evidence.

On 05-04-2012 at approximately 0800 hours, I attended the autopsies for Lilly and Lisa Mederos at the Maricopa County Medical Examiner's Office located at 701 W. Jefferson St. Phoenix, AZ. Dr. Lyons performed the autopsies.

At approximately 0800 hours, Dr. Lyons performed a full autopsy on decedent Lilly Mederos. Dr. Lyons informed me he located a no contact single gunshot wound to Lilly's head. Bullet entry was the left lower temple cheek area of Lilly's face and exit wound was upper right side of the back of Lilly's head. Dr. Lyons noted fractures to Lilly's skull as well as stippling on her left upper arm and the left side of her face. Dr. Lyons did not note any blunt force trauma to Lilly's body during the autopsy. The autopsy was concluded at 0850 hours. The following items were turned over to me:

- 1.2 white metal earrings from Lilly's ears.
2. Projectile fragment removed from the inside of Lilly's head.

At approximately 0910 hours, Dr. Lyons performed a full autopsy on decedent Lisa Mederos. Dr. Lyons informed me he located 2 gunshot wounds to Lisa's head. The first gunshot wound was a no contact gunshot wound to the back of her head. The gunshot wound was on the left side of the back of her head just left of the center of her head. No exit wound was located from this gunshot. The second no contact gunshot entry wound was located below the left temple above Lisa's left cheek and the exit wound was located on the right side of Lisa's face just below her right cheek. Dr. Lyons said the bullet that entered the left side of Lisa's face separated when it entered and exited her left eye and right cheek. Dr. Lyons also noted Lisa's middle finger on her right hand was severed. I informed Dr. Lyons we believe Lisa was talking on her cellular telephone to police when she was shot on the left side of her face and believe when it exited it severed her finger. Dr. Lyons was in agreement that the finger was possibly severed from the gunshot to the left side of her face. The autopsy was concluded at 1015 hours. The following items were turned over to me:

- 1.1 pair of black pants.
- 2.1 red AZ Cardinals jersey.
- 3.1 black bra.
- 4.1 hair clip.
- 5.1 hair tie.
- 6.1 white metal floral nose ring.
- 7.1 white metal barrette w/clear stones.
- 8.1 white metal chain w/white and clear stone pendant.
- 9.1 white metal ring w/clear stones.
10. Fragments from scalp hair.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

- 11. Fragments from posterior scalp.
- 12. Projectile fragments from Lisa`s head.
- 13. Unknown fragments from unknown source.

The following items were transported to the Gilbert Police Department Property and Evidence section located at 2750 E. Williamsfield Rd. Gilbert, AZ and impounded as evidence.

CONCLUSION:

No further action by this detective.

INCIDENT: HOMICIDE
DATE/TIME: 5/2/12 1308
LOCATION: [REDACTED]
VICTIMS: Lily LYNN MEDEROS
AMBER MEDEROS
LISA MEDEROS
JIM HIOTT
SUSPECT: JASON READY

SUPPLEMENT:

On 5/2/12 at 1308 hours, Gilbert Police Dispatch reported a call from [REDACTED] in which shots were fired and several people were reportedly down. Myself and other members of the Investigations sections of the police department responded to the scene to begin the investigation. The day was clear and approximately 96 degrees.

At 1325 hours, I approached the neighborhood from the south. The surrounding streets were sealed off with crime scene tape at the following locations creating an outer perimeter to the crime scene: Candlewood Ln at West Lago which is parallel and southeast of Tumbleweed, Candlewood Ln at Monterey St. which runs perpendicular on the east end of Tumbleweed and Candlewood Ln at South Golden Key St. which is perpendicular on the west end of Tumbleweed. Within that perimeter, Tumbleweed Rd was cordoned off at Monterey St on the east and South Golden Key St on the west and at a cul-de-sac on Tumbleweed in the center of the block.

Crime scene tape was present around the front of the residence encompassing the home and a black Chevrolet Impala (Arizona Freedom license plate [REDACTED]) parked in the street just to the east of the driveway. The garage door of the home was open and a yellow blanket could be seen on the sidewalk leading from the driveway to the front door of the residence. Crime scene tape also encircled a red Volkswagen parked facing south on the west side of Monterey. A traffic cone marked a shell lying in the street at the side of that vehicle. (The shell was identified as having been ejected from an approaching officer's gun while responding to the scene.) Multiple emergency vehicles were parked along the roadways previously mentioned. As I approached, I saw a young female later identified as Brittany Mederos seated in the front passenger seat of a marked patrol unit. With her at the vehicle was Patrol Officer Pat Samuels #1426.

Detectives from the Violent Crimes Unit met with Detective Sergeant Dave Meyer #1753, for a briefing and assignments. Sgt. Meyer provided the following information. Arriving officers had found two deceased males just outside of the front door of the residence. They entered and found two adult females and one female child on the floor just inside the front door of the residence. One female (Brittany Mederos) was located in a bedroom and taken out of the home and she was currently with Officer Samuels. The officers cleared the house and located a pulse on the child. Fire was called in and the child was transported to the hospital. A warrant was being written for the house. Sgt. Meyer directed me to interview Brittany.

I made contact with Brittany who was in the front passenger seat of the Officer Samuels vehicle and identified myself. She was visibly upset but responded to questions and agreed to be interviewed. Officer Samuels transported Brittany to the Investigations section of the Police Department where I escorted her to interview room 22. The interview was recorded and later downloaded to DVD and impounded at the Gilbert Police Department. The following is a brief summary of the interview for further details refer to the recording.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

I asked Brittany for some of her background which she provided. Brittany stated Jason Ready (also referred to as JT) had been dating her mother for a few years. He has been living in the home for "about a year". He did not want her (Brittany) to live there but after returning from Washington late last year she was homeless and living with friends for a few months. In December she moved back into her mother's house with her mother Lisa and JT. JT and Lisa fought often. JT often broke things in the house when he got angry. There were two incidents of physical violence Lisa told her about but she believed there were more. Recently she went with her mother to the Gilbert Police Department to report an incident where JT covered Lisa's mouth and nose until she apologized. Lisa almost passed out from lack of oxygen. Lisa was afraid of JT.

Brittany had planned to go with her sister Amber, Jim and Lily to the customer appreciation day at Joe's Barbecue for lunch today (5/2/12). Amber and Jim were expected to come to the house to pick her up at 1100 hours. Lisa and JT were also going to go but not with Brittany and Amber. Last night (5/1/12), Lisa and JT were again arguing. Lisa told her she was not going to go to the lunch because she did not want to be around JT. This morning at approximately 1000 hours, Lisa woke her to go to the lunch. However, she wanted to continue sleeping and she did not get up. At 1200 hours, she woke up and could hear arguing between Lisa, Amber and JT. She did not want to get in the middle of it so she stayed in bed.

At 1240 hours, she awoke again and the arguing was much louder and more aggressive. The argument included JT accusing Lisa of breaking something of his and Amber did not live at the house. Amber told JT she had just as much right at the house or more because her father paid for the house and he (JT) didn't do anything. She could tell from the sound, the arguing was taking place in the living room area which is adjacent to the hallway outside of her bedroom.

She then heard a loud noise she did not initially recognize as a gunshot but then there were additional noises and she knew they were gunshots. After the shots, she waited a few second and came out of the bedroom. She saw her sister, mother and niece on the floor. She called to them but they didn't move. She nudged Amber with her foot but Amber didn't move. She saw blood at Lily's head. She went back into her bedroom and called 911. She waited there until police came and got her.

Brittany stated there was a break of three or four minutes when the arguing stopped before the shots were fired. She estimated she heard seven shots that sounded alike. With regard to JT, Brittany stated he had a number of guns which he kept in the garage and in her mother's bedroom. When asked if he wore a gun she stated probably. She said JT and his friends would go down to the border and "get" Mexicans with drugs. She said they would shoot at them or turn them over, but she added she did not know.

Brittany did not know if Jim owned any guns and she had not seen Jim with any guns.

Arrangements were made for a counselor to be with Brittany as she made arrangements to go with friends.

After the interview, I returned to the command post located on the western end of Tumbleweed for further instructions. During this time, I returned calls from family members who had become aware of the incident through the media.

I spoke to Jacob Hazelwood by telephone. Mr. Hazelwood stated he had placed a call to Jim at 1258 hours, and had been on the telephone speaking with Jim for seven to ten minutes. During the call, he could hear arguing going on in the background and the baby crying. Jim had left the immediate area of the arguing as it

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

became faint in the background. Mr. Hazelwood believed Jim was nearer the arguing toward the end of the call because it was again louder. Jim then said, "Just a minute, just a minute" and the call was disconnected. Mr. Hazelwood believed Jim had hung up the phone.

At 2342 hours, military personnel cleared the residence of munitions and entry for the search warrant was made at 0045 hours. I assisted in the service of the search warrant by searching the master bedroom and bath after the crime scene had been documented and the bodies removed by the Maricopa County Medical Examiner's Investigators.

Prior to my search a number of guns had been removed from the bedroom. An additional handgun was located in a drawer of a dresser next to the bed. The gun was a small silver handgun in a holster. Indicum for Jason Todd Ready was located in the drawer of a dresser next to the bed along with his passport and other pieces of identification. Indicum for Lisa Mederos was located on a kitchen counter.

At the conclusion of the search warrant, I assisted in impounding the property collected and seized from the residence.

During the course of this investigation, I have had numerous telephone conversations with Nell Ready (Jason's grandmother and adopted mother) and LaDortha Bishop (Jason's biological mother). With regard to ammunition and weaponry identified as belonging to Jason Ready but not seized for investigative purposes, the family does not want any of the items and agreed to the disposal of those items.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

On 05/02/012 at approximately 1308 hours, I was on duty and functioning as the Tactical Operations Lieutenant for the Gilbert Police Department. I was dressed in full uniform and driving an unmarked police vehicle.

I overheard an emergency broadcast over the police radio regarding a shooting incident at [REDACTED] [REDACTED] in Gilbert, Arizona. I proceeded to the location and observed numerous police and fire personnel already on scene. I had overheard on the police radio that Officers Rhees, Perron and Davis made entry to the residence and cleared the residence. Officer Rhees had reported that there were numerous shooting victims on scene, to include two males in front of the residence.

As I was exiting my vehicle, Officer Samuels informed me that he was standing by with a witness to the shooting. I leaned into Officer Samuel's vehicle and contacted a female subject, later identified as Brittany Mederos.

I asked Brittany what happened and she told me the following: Brittany indicated that she was inside a bedroom in the residence. Brittany heard arguing between a subject named Jason Ready and Brittany's mother, Lisa Mederos. Brittany heard gunshots and exited the bedroom. Upon walking outside the bedroom, Brittany observed that Lisa Mederos, Amber Mederos, and Lilly Mederos, had been shot. Brittany also explained that she thought Jason Ready had shot all three females. I asked Brittany where Jason Ready was and she explained that she thought he was lying shot in the front yard. Brittany also explained that she thought Jim Hiott was present at the address, lying in the front yard. Brittany further explained that as she ran out the front door of the residence, she noted there were two men lying in the front yard. Due to the fluid and dynamic nature of the scene, Brittany did not pause to verify the identity of the two men. She did indicate that the appearance of the two men was consistent with Jason Ready and Jim Hiott.

Please note that above conversation with Brittany occurred during the first few minutes of officers arriving on scene. Brittany was hysterically crying during our conversation. I did not ask Brittany any clarifying questions. My goal was to determine whether or not police should be concerned with locating any outstanding threats to the public.

Upon getting a brief description of the scene from Brittany, I announced over the police radio that I was taking incident command of the scene. The Gilbert Fire Department confirmed that there were four deceased adult subjects at the residence. Gilbert Fire further indicated that Lilly Mederos was showing signs of life. Lilly was transported from the scene by ambulance. I ordered Officer Rhees to accompany Lilly to the hospital. It should be noted that Lilly later died of her injuries.

I was advised that Gilbert PD officers observed body armor and ammunition in the garage of the residence. I was also informed that officers observed a grenade launcher under a bed inside the residence.

Upon the fire department confirming that the sole live victim had been removed from the scene, I ordered all of the officers on scene to immediately lock down an inner and outer perimeter. I moved all of the first responders out of the immediate crime scene, pushing them back approximately 100 feet from the residence. I was concerned that the residence may contain hazardous materials and / or dangerous munitions based on the observation of a grenade launcher inside the residence. I requested an Explosive Ordinance Disposal (EOD) unit respond the residence to conduct a safety sweep.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

I designated Sgt. Fisher to be my Executive Officer near the intersection of Tumbleweed and Monterey. Sgt. Fisher was posted near the residence to interact with EOD units and relay information back to the command post, which was set up several houses to the west of [REDACTED]. I joined the Gilbert Fire Department in the unified command post.

Two EOD canine units with ASU and Tempe PD arrived on scene. The canines were asked to sweep the garage and vehicles on scene to ensure there were no immediate dangerous devices present. While the sweep was being conducted, Detective Halliday authored a search warrant for the residence. Additional EOD units arrived on scene from the Mesa Police Department and United States Bureau of Alcohol, Tobacco and Firearms.

The EOD units did a cursory inspection of the perimeter of the residence and determined that there were military grade munitions inside the garage. The military munitions were designated as illegal for citizens to possess. FBI Special Agent Robert Byrne arrived on scene. Special Agent Byrne advised me that the United States Air Force would be responding to take custody of the military munitions.

During the EOD sweep of the property, EOD personnel advised Sgt. Fisher that they had observed two 55 gallon chemical containers in the back yard of the residence. Sgt. Fisher inspected the containers and advised that the lids were off the chemical containers, with possible liquid inside. According to Sgt. Fisher, he could smell a distinct odor coming from the chemical containers. Sgt. Fisher further indicated there were hazardous materials placards on the outside of both containers.

Due to the presence of the hazardous materials containers, I ordered all of the EOD personnel to leave the residence. Gilbert Fire Haz Mat technicians donned self contained breathing apparatus and chemical suits. Gilbert Fire Haz Mat took samples from the chemical containers. Gilbert Fire Haz Mat later advised that they had capped the lids on the chemical containers. Gilbert Fire Investigator Josh Friedman advised me that the containers were temporarily rendered safe, to allow Gilbert PD detectives the ability to execute their search warrant of the residence.

I advised the FBI that the hazardous materials issue had been mitigated to the extent that it was safe for investigators to enter the property. Personnel from the United States Air Force arrived on scene to take custody of the military munitions. Air Force personnel removed munitions from the garage of the residence. I assigned Officer Griffin to escort the Air Force personnel to Luke Air Force base.

Upon determining that the on-going public safety risks (hazardous materials / military munitions) had been resolved, I notified Gilbert Police Detective Sergeant Meyer that he could begin processing the shooting scene. Sgt. Meyer coordinated the processing of the crime scene at the residence, along with members of the Chandler Police Department Crime Scene Unit.

I updated FBI Special Agent Robert Byrne with regard to the status of the case. I was advised that the FBI was in the process of applying for a federal search warrant for the residence. Special Agent Byrne and I agreed that the execution of the federal search warrant would occur after Gilbert PD was finished processing the shooting scene, under the Arizona Superior Court search warrant that had been issued.

At approximately 0330 hours, I transferred command of the incident to Lt. Hugh White. I had no further involvement in the case.

Supervisor's Supplemental Report:

On 05/02/12 at about 1308 hours, I was on duty and working as the Violent Crimes Sergeant for the Gilbert Police Department. I was listening to my police radio and a call for service in which Gilbert Telecommunications was advising of multiple individuals shot inside the residence at [REDACTED], Gilbert. The hysterical caller, identified as Brittany Medaros, was locked inside a bedroom and awaiting for police arrival. Brittany informed Telecommunications her mother, sister, and niece had all been shot and the suspect's whereabouts were unknown to her. Gilbert Officers arrived on scene and eventually rescued Brittany from inside the residence. Preliminary information from responding officers indicated multiple individuals were found deceased inside the residence. A small child was being treated for a gunshot wound to the head and being transported to Maricopa County Medical Center for life saving efforts.

I arrived on scene and observed numerous police and fire personnel within the immediate area. The residence is located on the north side of Tumbleweed road, and at the intersection of Monterrey Street. Crime scene tape was used to secure the entire neighborhood surrounding [REDACTED]. The outer perimeter was established and extended to Bonita Court, the western perimeter, and at Candlewood Lane, or the southern perimeter. A second perimeter was secured with crime scene tape and encompassed the property of [REDACTED]. I walked over to the second perimeter and observed fire and medical personnel gathering medical supplies and moving out of the front yard of the residence.

I observed two individuals lying deceased on the walkway leading to the front door to the residence. The deceased individual to the south was described as a white male with a medium build. He was wearing dark colored shorts and a dark colored shirt. The shirt had an unknown patch on the right shoulder and he was clutching a cell phone in his left hand. The deceased was lying on his left side and curled into a recovery position across the walkway. A large pool of blood surrounded the head area of the individual. The second deceased individual was lying about 10 feet north of the previous victim and about 5 feet from the front door. The second deceased individual was lying in a supine position and described as a heavy set white male. The male was clad in beige pants and a dark colored shirt. From my vantage point, I could make no further observations on the deceased.

At about 1336 hours, all personnel were removed from the property of the residence and the scene was secured for the drafting of a search warrant. At 1524 hours, Detective Davis and Detective Perron did enter the backyard with Rabies Animal Control to secure a dog from the property. The animal did not have access to the inside of the residence and did not disturb any items of evidentiary value.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

I met with Sergeant Sanger and was briefed on the incident and patrol response. I was informed of the following information:

Patrol Officers responded to [REDACTED], Gilbert reference a family fight. Telecommunications advised a female caller had indicated her boyfriend was breaking items inside the residence. Soon after the initial phone call, the line went dead and Telecommunications indicated possible gunshots from the residence. A second individual, Brittany Mederos, was contacted from inside the residence. Brittany was crying hysterically and stated her mother, sister, and niece had all been shot. Brittany believed her mother's boyfriend, identified as JT Ready, was the suspect and possibly fleeing in a black passenger vehicle. Officers Rhees, Zamora, and Arrowsmith were first to arrive on scene and formed an Immediate Action Team. They observed a black sedan parked in front of the residence and found two deceased males lying outside the front door on the walkway. The Immediate Action Team entered the residence and found two deceased adult females and an infant female lying inside the doorway. The Officers located Brittany, hysterically crying and unharmed, inside a back bedroom and removed her from the residence. Officer Roden indicated she found a slight pulse on the infant and Fire Personnel responded into the scene to begin life saving efforts. The infant was transported to Maricopa County Medical Center. Officer Rhees is responding to the hospital and will be the point of contact for the infant victim. Several Officers on scene had previous contacts with JT Ready and believe he is the deceased male outside the front door of the residence. Preliminary information was gathered from Brittany as to the identities of the victims. Their identities were not confirmed and are as follows:

Lisa Mederos (47) (Brittany's mother) - inside residence furthest north from the doorway.
Amber Mederos (23) (Brittany's sister) - inside residence near front doorway
Lilly Mederos (15months) (Amber's daughter) - inside residence near front doorway - transported.
J.T. Ready (39) (Lisa's boyfriend) - just outside front doorway.
Jim Hiott (24) (Amber's boyfriend) - outside near edge of the garage on the front walkway.

I began to make personnel decisions and Investigator assignments based off the information that had been presented to me. The following Detective assignments were as follows:

Detective Jason Biggs - Lead Investigator and crime scene processing
Detective Jon Halliday - Author Search warrants for [REDACTED] and vehicles which included Ready's black 2005 Chevy sedan and Amber's red 2000 Volkswagen sedan.
Detective Brenda Tomory - respond to Maricopa County Medical Center for evidence processing, photographs, and medical records regarding Lilly Mederos. Lilly was pronounced deceased during my initial briefing.
Detective Deb Hartin - interview of Brittany Mederos and others later identified.

Additional investigative resources were used to complete a neighborhood canvass of the area and speak with individuals who may be potential witnesses to this incident. These assignments were made by Sgt. Marino and Sgt Shippee and consisted of various Detectives from the Child/Sex Crimes Unit and Property Crimes Unit. For a detail account on this neighborhood canvass, please refer to the additional Investigators supplemental reports.

During the first few hours of the investigation, I spoke with numerous federal government employees associated with the Federal Bureau of Investigations, Alcohol Tobacco and Firearms, and Homeland Security. I was informed of an ongoing federal investigation involving JT Ready and their concern for the amount of

Supplement Notes

weaponry inside the residence. The weaponry and potential explosives inside the residence were an exigent safety concern and in need of removal prior to Gilbert Investigators entering the residence. At about 1640 hours, Detective Halliday assisted Federal Investigators and took photographs of the munitions and weaponry prior to removal. I entered the garage area and found numerous weapons, munitions, and military type equipment in crates. The scope of the search remained inside the garage area and concentrated on the hazardous materials. No items removed on exigency were part of the Gilbert PD investigation, and the Death Investigation scene was not comprised during this process.

The process of removing the above mentioned weaponry and hazardous materials lasted well into the day and throughout the evening. The process was concluded at approximately 2342 hours and the scene was deemed safe for investigators to enter the residence. At approximately 2345 hours, members of the Violent Crimes Unit and Chandler Crime Scene Technicians entered the scene and began processing the area outside the front door of the residence. This area was predominantly on the walkway and focused on identification of the two male victims. I examined the back right pocket of the male victim located farthest to the south. I found a wallet inside the pocket with South Carolina identification. The South Carolina identification, and tattoo "Jambob" on the victim's upper right arm, identified the first male victim as Jim Hiott.

The second male victim was located outside the front door, and north of Jim Hiott. I examined the left front cargo pocket of the second male victim and found a wallet within. I gave the wallet to Officer Bake which identified the second deceased male as Jason Todd Ready. For a detailed account of the scene and evidence processing, please refer to Detective Biggs supplemental report.

I remained outside the scene and allowed Investigators to process the inside of the residence. On 05/03/12 at approximately 0500 hours, I recovered four rifles from inside the garage area at [REDACTED], Gilbert. Three rifles were various .223 rifles with similar tan camouflage patterns. The last rifle was a smaller .22 rifle with the same tan camouflage pattern. These items were impounded as items BT50 - BT53. For a detailed description of the rifles, please refer to the property impound sheet.

Violent Crimes personnel left the scene at approximately 0622 hours and turned the residence over to awaiting Federal Investigators.

On 05/07/12, I interviewed individuals who were not contacted during the original neighborhood canvas.

[REDACTED] -

I spoke with Jenna Gorospe who indicated she was home during the initial incident and did not hear anything unusual during the incident time frame. She was notified of the incident and observed numerous police vehicles outside her home. Jenna does not really know the family and has seen Lisa and Amber in the past. Jenna was not aware of any incidents within the family and has not viewed anything of concern.

I spoke with Noel Martin via telephone who resides at the above address. Noel stated he was working the day of the incident and had no knowledge until he saw the incident on the news. Noel does not know of any issues with the family and has not witnessed anything of relevance.

This ends my involvement in the matter.

INCIDENT: HOMICIDE, 12-000007100
DATE/TIME: 05-02-12 / 1308 HOURS
LOCATION: [REDACTED], GILBERT

SUPPLEMENT:

On 5-2-12, I was working as a Detective with the GPD's Violent Crimes Unit when I was instructed to assist with this investigation by Investigations Sergeant Meyer. I initially responded to the GPD to assist Detective Hartin while Detective Hartin interviewed Brittany Mederos. My only involvement during Detective Hartin's interview was to pass on information from Detective Tomory to Detective Hartin and vice versa. Detective Tomory, who was going to the hospital where Lilly Mederos was taken to, asked me to get information from Brittany as to Lilly's date of birth and parental information. At no time did I speak with Brittany. I gave Detective Hartin the wanted information and Detective Hartin informed me of Brittany's answers, which I passed on to Detective Tomory.

Prior to leaving the GPD to go to the scene, I completed a request to have GPD Dispatch make a copy of the 911 phone calls in this incident which would later be impounded as evidence. I dropped off the request to Dispatch and then proceeded to the incident location. Once at the incident location, I stood by in the area to await further instructions.

I was informed by Detective Halliday and Detective Biggs that a bullet round had gone through the driver side view mirror of a black passenger vehicle which was parked outside of the incident location. Based on the path of travel, it was believed the round could have come to rest somewhere in the area of the residence located at [REDACTED]. Officer Bake and I used a metal detector in the front yard of the residence in an attempt to locate the round. No round was found.

At approximately 1930 hours, I was asked by Sergeant Savoie to enter the crime scene and stand by at the front of the residence to ensure no one entered the residence. I maintained this position for approximately 30 minutes and was then instructed by Sgt. Meyer to go off duty to get some rest and to come back at approximately 0330 hours.

I arrived back on scene at approximately 0330 hours (5-3-12). I entered the crime scene to assist other detectives inside of the residence. I was informed by detectives the investigators from the Maricopa County Medical Examiner's Office were conducting their investigation with our detectives. I stood by inside the

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

residence while the M.E. Investigators took photos of the bodies inside of the residence and removed them one at a time. While standing in the residence, near Lisa Mederos` body, I observed a small piece of bullet fragment on the carpeted floor, just west of an arm chair to the south of the living room area. I pointed the fragment out to the Chandler Crime Scene Technician who used a placard to identify the fragment for evidentiary reasons, photographed, and then collected the evidence.

Once Amber Mederos` body was removed from the scene, I used gloved hands to look at the tile area by the front door of the home for evidence. On the tile area where Amber`s head had been laying, was a pool of blood as well as several pairs of shoes which I believed belonged to the residents of the home. I slowly removed the shoes and inspected them for any evidence. As I inspected one of the shoes, Detective Halliday, who was knelt down next to me, pointed out a round embedded into the tile floor. Detective Halliday collected the evidence.

I then assisted with searching two rooms within the residence for evidence per a warrant which was obtained for the residence. I searched the small laundry room located between the garage and kitchen, and I searched one of the bedrooms which was being used as a storage room for the residents. I found nothing of evidentiary value in the two rooms I searched.

At the completion of the GPD search warrant, members of the FBI conducted their search warrant of the home. I was asked by Sgt. Meyer to be responsible for securing the home at the conclusion of the FBI`s search warrant and ensuring the home owner, Hugo Mederos, would have access to the home when the crime scene was concluded. I telephoned Hugo who informed me he did not have a key for the residence and that a key could be left with a neighbor who lived to the southeast of [REDACTED].

GPD Detective Ameiss was assisting the FBI with their search warrant. I informed Detective Ameiss of the information given to me by Hugo. I was later informed by Detective Ameiss that at the conclusion of the FBI search warrant, she found a house key, secured the residence, and was in the process of giving the key to the neighbor when Hugo arrived at the residence. Detective Ameiss gave Hugo the key to the residence.

I then drove to the GPD Property and Evidence building to assist the other detectives with impounding evidence. I assisted by packaging two firearms which were collected from the residence (a rifle and a shotgun.)

I later drove to the GPD and collected the disk containing the 911 calls to dispatch. I later impounded the disk into GPD Property. A copy of the disk was given to the case agent, Detective Biggs. Both Detective Biggs and I listened to the 911 calls. For more information in regards to the 911 recordings, refer to Detective Biggs` supplement report.

On 5-4-12, I attended the autopsies with Detective Biggs, Detective Tomory, Detective Halliday, and Officer Bake. Evidence items obtained by the M.E. doctors were given to us at the conclusion of the autopsies. Detective Tomory and I took the evidence items to the GPD Property and Evidence building to impound the items. Two drying rooms were needed to place the clothes from Jason Ready, Jim Hiott, Amber Mederos, and Lisa Mederos into for the purpose of having the clothes dry prior to impounding. Prior to placing the clothing into the drying rooms, I used a bleach/water spray bottle to clean the drying rooms. White paper was placed under the clothing items then the items were placed into the drying rooms. I used a digital camera to take photos of all of the clothing items. The photos were later impounded into GPD Property.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

During the photographing of the clothing items, Detective Tomory and I observed, what appeared to be, bullet holes in the shirt worn by Jim Hiott. Jim's shirt was a black jersey type shirt with "Jambob" written on the back. We observed a bullet hole in the left sleeve of the shirt and on the left side torso area of the shirt. We also observed what appeared to be a bullet hole on the upper right shoulder area of the shirt.

On 5-9-12, I drove back to the GPD Property and Evidence Building to remove the items from the drying rooms, package the items, and impound the items.

This completes my involvement.

On 05-02-12 at approximately 1309 hrs., I responded to [REDACTED] Gilbert, AZ reference a domestic violence call involving gun fire. As I was responding in my unmarked police vehicle, I overheard officers on scene advising they located several subjects outside and inside the residence that had been shot. Dispatch advised there was a female that was on the phone and was hiding inside the residence. Prior to my arrival, officers on scene advised they had made entry into the residence and removed the female that was hiding inside. It was unknown at the time of arrival if the suspect was still on scene or had left the area. As I arrived on scene I observed several officers and fire department personnel on scene. As I approached the residence, I observed two white males lying outside of the residence near the front door on the walkway. Both subjects appeared to have gunshot wounds to the head. I also observed two female subjects lying on the floor just inside the doorway. Information was broadcasted over the radio the residence was secured. After the fire department was through treating the victims on scene, I began to assist other patrol units by placing crime scene tape around the area. Det. Davis and I also placed yellow blankets over the two male subjects that were lying outside of the residence.

Once the scene had been secured, I assisted Lt. Angstead who had command of the scene. I remained at the residence and took the role of Liaison with all of the responding units that arrived on scene.

Several other local and federal agencies responded to the scene to assist. During the investigation of the scene, it was determined that an explosive detecting K-9 was needed to check the area. One ASU PD and two Tempe PD officers arrived on scene with their K-9's. I escorted the officers around the vehicles that were in the area as well as the back yard. Numerous items of interest were located inside the open garage during the search. Additional EOD resources were dispatched to the scene. After a search warrant had been obtained, the K-9's and their officers checked the interior of the residence. I escorted the officers into the residence and remained with them while they did their search. Once the residence had been checked by the K-9's the EOD personnel on scene began to work in the garage.

I remained on scene and continued to operate in a Liaison role for command until I was released at approximately 0100 hrs.

No further action taken.

INCIDENT: HOMICIDE

LOCATION: [REDACTED] GILBERT, AZ 85233

SUSPECT: JASON T. READY

VICTIMS: LISA MEDEROS
AMBER MEDEROS
LILY MEDEROS
JIM HIOTT

NARRATIVE:

On 5/2/2012 at approximately 1320 hours, Sergeant Meyer told me to respond to the listed address regarding a reported shooting involving multiple victims. Details were still forthcoming and the situation at the scene was still fluid and uncontained.

Information from dispatch indicated Officers on scene were attempting to clear the residence and determine if there was an outstanding suspect. An infant victim had been removed from the house and transported to the hospital. A possible female witness had been contacted and information continued to be disseminated.

I arrived at the scene at about 1345 hours. I observed the entire street from the south and the west of the residence had been secured with police vehicles and crime scene tape. The scene was very large, consisting of a large outer perimeter and a smaller inner perimeter surrounding the house. There were multiple marked police and fire vehicles in the area.

I met with Sgt. Meyer and Investigators from the Violent Crimes Unit for a briefing on the incident. Initial information revealed there were two deceased females inside the residence and two deceased males outside the residence. The infant victim was transported to the hospital and pronounced dead. Officers reported most of the victims suffered gunshot wounds of the head. There was a report that there were two handguns observed outside near the bodies of the two males. Information from the surviving subject from inside the house consisted of the following:

Brittany Mederos reported her mother, Lisa Mederos, sister, Amber Mederos and niece, Lily Mederos, were dead inside the residence. Brittany reported her mother's boyfriend, Jason (JT) Ready, was arguing with her mother and sister and she heard gunshots. Brittany walked out of her room and saw Lisa, Amber and Lily

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

lying on the floor near the entry to the house. They were all bleeding and presumed dead. Amber barricaded herself in her bedroom and waited for the Police to arrive. Brittany initially thought JT had shot everyone and left the residence in his vehicle. Brittany was not certain if Amber's boyfriend, Jim Hiott, was at the residence or not. Brittany did not exit her room while the argument was ongoing. She heard JT arguing with Lisa and Amber and she heard Lily crying at one point.

It was assumed the decedents were JT, Lisa, Amber, Jim and Lily, however, they had not been positively identified at the time of the briefing.

I spoke with Officer Cluff, who told me he took photographs inside the residence while emergency personnel worked on Lily. I spoke with Officer Zamora, who told me he was one of the Officers who cleared the residence. Ofc. Zamora said he made entry and located a locked bedroom door at the front of the house. Zamora forced entry through the bedroom door and found Brittany hiding in a closet. Zamora said he did not have to disturb the main scene, but admitted a mirror in the bedroom fell and broke while he was getting Brittany out.

There were unconfirmed reports of explosives and munitions stored inside the residence. JT Ready was also reported to be affiliated with a radical group that patrolled the U.S./ Mexico border. There was concern about the possibility of explosives in the house and concern about the ability to conduct a safe investigation of the scene. Federal authorities were contacted and summoned to the scene to assist with assessing the scene to determine the safety of the area. The house had been cleared of first responders and a search warrant was constructed for a search of the residence.

Bomb Technicians from Mesa PD arrived on scene to assist with ensuring the scene was safe to work. I conducted an initial walk-through of the residence with one member of the explosives team and Sgt. Meyer. Without disturbing the main portion of the scene, we walked through the garage and kitchen area. We discussed preserving the main scene, which consisted of the entryway and exterior front walkway. The tech determined if there was a need to bring a K-9 in the house, we would provide access through a bedroom window.

While inside the residence I observed the following:

There was a yellow passenger car parked on one side of the garage, reportedly registered to Brittany. The other side of the garage contained multiple plastic storage containers stacked on top of each other. There was Nazi memorabilia hanging on the walls and what appeared to be several cases of ammunition.

Inside the house, the kitchen appeared unremarkable. The living room was crowded with several pieces of large furniture and there was very little room to walk around. I observed two deceased females lying near the entryway. One female with blonde hair was lying on her right side facing west and her legs were slightly bent at the knees. One foot was pressed against the south wall. I observed a small circular wound located in the left temporal area. There was a large amount of blood soak in the carpet under her head. I observed a cell phone near her feet. The phone was in three pieces, with the battery and battery cover separated from the phone and scattered near her feet.

Another female with dark colored hair was lying on her left side facing west on the east side of the entry. The female's head was lying partially on the tile and the carpeted area. Her body was lying across the entry to the

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

hallway. Her legs were slightly bent at the knees and extended to the north. There was a large pool of blood under her head on the tile and blood soaked into the carpet near her head. There was no obvious injury viewable. I observed several brass shell casings scattered in the immediate area of the bodies. My initial count was 5 shell casings. There were several pieces of fragmented projectile scattered throughout the area. I observed several pairs of shoes scattered in the tile entry by the front door.

There was a large pool of blood on the tile north of where the dark haired female was lying. The blood was likely from Lily's body, as Officers had described where she had been lying when she was found. I observed multiple circular blood drops leading out of the front door. I surmised the drops were probably from Lily when she was rushed out of the house.

The rest of the house consisted of two bathrooms and three bedrooms. I observed the room where Brittany was found. The door was broken from forced entry. I observed the broken mirror described by Ofc. Zamora. There was a small projectile lying just inside the doorway. The projectile was very clean and appeared fully intact. The proximity of the projectile was curious and it is possible the object may have been kicked from another location by first responders.

The middle bedroom was filled with exercise equipment. The master bedroom was located at the back of the house. Inside the room I observed an assault rifle lying just under the edge of the bed and a shotgun lying on the floor next to the north wall of the room.

After the initial walkthrough, the house was left to the Mesa EOD to search for any dangerous explosives or munitions. During their search of the residence, two 55 gallon barrels of an unknown hazardous substance were found outside on the west side of the house. The Gilbert Hazmat team was requested to deal with that issue.

The munitions issue and hazmat issue consumed several hours to resolve. I was given clearance to commence investigation of the scene at 2345 hours.

Investigators from the Violent Crimes Unit briefed and made assignments. Two Chandler PD Crime Scene Technicians arrived to assist with processing the scene. I worked with the technicians to identify items of evidence. The scene was separated into two parts. The interior scene consisting of two decedents was one and the outside consisting of two decedents was another.

I first directed my attention to the outside scene. There were two deceased males lying on the walkway leading from the front door. One subject was lying closer to the front door. This subject was identified through his Arizona driver license as Jason (JT) Ready. JT was lying nearer the entry door in a supine position with his legs extended to the south, resting in the rocks next to the sidewalk. His torso was lying on the sidewalk and was slightly bent at the hip, to the right. Both arms were extended over his head. There was a large pool of blood surrounding the head with directional blood spatter to the north of the pool of blood. I observed blood protruding from both nostrils which had a flow pattern over the face and forehead. Signs of lividity were present in the arms, red and purplish in color. He was clad in a black shirt, tan pants and tan boots. He was wearing an empty black handgun holster on his right hip and a magazine pouch containing two fully loaded 20 round magazines on his left hip. There were circular blood drops leading from the front door through the pool of blood around the head and across JT's midsection. The blood drops were consistent with the fact Lily was brought from the house outside and over JT's body. The drops trailed off into the rocks to the east. JT's head

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

was lying near a large clay planter and I observed blood spatter on the side of the planter. The left arm was pressed against the planter. I observed trauma to the right side of the head just above the right ear. There was a small hole consistent with a possible entry wound and there was a small amount of brain matter protruding from the hole.

I marked the pool of blood (placard #3) near JT's head as evidence to be swabbed. I also marked the blood drops (placard #4) presumed to be from Lily to be swabbed in the event there was a need to differentiate separate blood types in the same area.

The second male subject was lying a few feet to the south of JT's body. The subject was identified through his driver license as Jim Hiott. Jim was lying on his left side with his legs slightly bent at the knees extended to the northwest; his feet were in the rocks next to the house. The right leg was resting on top of the left leg. His left arm was pinned under his body and bent at the elbow. He was clutching a cell phone in his left hand. The right arm was bent at the elbow and his right hand was in the shape of a fist near his face. His head was resting partially on the sidewalk and on the rocks. There was a large pool of blood around the head on the sidewalk and the rocks. There was a flow pattern of blood across the sidewalk in to the rocks near the house. I observed blood protruding from the right ear with a flow pattern downward over the right cheek, right eye and nose. Jim was wearing a black shirt and black shorts and was barefoot.

I located a brass casing at the southern edge of the sidewalk resting in the rocks at the edge of the sidewalk. I marked the casing (placard #1) for evidence collection. I marked the phone in Jim's left hand (placard #5) as evidence. I observed a tan colored handgun lying behind Jim, near his buttocks. The magazine was partially ejected from the gun. The gun was positioned a few feet away from JT's right foot. The resting spot of the gun and the magazine partially ejected from the gun is consistent with the gun likely falling and striking the ground and bouncing to the final resting place near Jim's body. I marked the handgun (placard #2) for evidence.

It should be noted:

A black passenger car registered to JT Ready was parked at the edge of the driveway in the street. The vehicle was parked with the nose of the car facing the house. The driver side side-view mirror was broken and had a hole through it consistent with a gunshot. Looking through the hole from the rear of the car back toward the house, the hole lined up in the area of the front door of the house. A small piece of metal consistent with a bullet fragment was located south of the scene and the vehicle with the bullet hole in the mirror. The fragment was found in the gutter on the east side of the street a good distance from the vehicle. The fragment (placard #7) was marked as evidence. There was a .223 rifle round found in the street near a red vehicle registered to Amber Mederos. The vehicle was parked on the west side of the street facing south, south of the scene. The round was found to belong to one of the first responding Officers. The round was found inside the outer perimeter and was marked (placard #6) but is not considered evidence of the crime.

I completed my marking and documentation of evidence for the outside scene. I directed my attention to the inside scene and worked with the Crime Scene Technician to process evidence.

The scene inside the house was contained to one small area at the entrance to the house near the front door. There were two female bodies lying on the floor. One was identified through her Arizona driver license as Lisa Mederos, who was lying north of the front door perpendicular to an angled wall. She was lying on her

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

right side facing west. Her head was lying next to the base of a chair. Both arms were bent at the elbows and positioned near her face. Her legs were slightly bent at the knees and extended toward the angled wall; her toes were pressed against the wall. She was wearing a red football jersey, black pants and she was barefoot.

Lisa's hair was tied up in a ponytail. I observed a small circular hole in the left temporal region, consistent with a non-contact entry wound. There was a small amount of blood protruding from the hole and a flow pattern downward across the left eye and forehead. There was significant blood soak under her head. I observed lividity in the low resting areas of exposed skin, red and purplish in color.

The angled wall Lisa's feet were against had unexplained swipe marks and a bullet strike that went through the wall at an angle. The bullet hole travelled in a direction toward the west into the kitchen. I observed a hole in one of the kitchen cabinets and the trajectory was in line with the hole in the wall. Inside the cabinet I located a projectile, which struck some items in the cabinet and came to rest. There was a single small bloody swipe mark on the angled wall mixed with a clear substance in an arcing swipe pattern. The clear substance may have been some type of biological fluid such as mucus or saliva. The bullet hole and swipe marks on the wall appeared consistent with an event related to Lisa's demise and her final resting place may have been secondary to an initial incident while she was standing next to the wall. There was a tuft of hair consistent in color with Lisa's hair lying near her feet under a decorative item.

Next, I directed my attention to the female body on the east side of the entry. The subject was identified through driver license as Amber Mederos. Amber was lying on her left side facing west. Her body was bent at the waist with her feet toward the living room to the north and her head was lying on the carpet with the top of her head partially on the tile entryway. The back of her head was against a wall and only the right side of her face was visible. Her left arm was extended straight out from her body and her right arm was bent at the elbow with her right hand near her face. Her legs were slightly bent at the knees with her feet apart. She was wearing a multi-colored tank top and blue jeans; she was barefoot. There was a significant amount of blood soak in the carpet under her head and on the tile under her head. Lividity was present in the low lying areas of exposed skin, red and purplish in color. There was no discernable or obvious wound visible in the state her body was found.

The tile entry next to the front door was cluttered with several pairs of various types of shoes. Closer to the door, which was open, and the doorstep there was a drying pool of blood. The blood was in an area consistent with where Lily's body was reported to have been found. Photographs taken when entry was first made showed Lily lying in the same area. Lily was lying on her right side with a visible gunshot wound of the left temporal region. Her body was facing north with her legs toward the living room and her head closer to the door. There was a large pool of blood where her head was lying prior to being removed. There were several circular blood drops leading out the front door, presumably from Lily's head as she was taken outside. The drops continued outside and through JT's blood and over his body.

There was evidence of medical intervention scattered throughout the entryway. Both decedents had EKG leads affixed to their bodies from the medical personnel checking their vitals.

Another search of the interior scene revealed a total of 7 shell casings. There were several pieces of fragments located throughout the scene, to include in the entryway and around Lisa's body. Each fragment and shell casing was marked with a placard and collected as evidence. Lisa's cell phone was found near her feet in three pieces. The battery cover, battery and phone were all separated, but appeared undamaged.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

The Medical Examiner Investigators arrived to assume their investigation and manipulate the bodies. The following injuries were discovered:

Jim Hiott's body was the first to be moved. Rigormortis was observed when the body was rolled over. The arms and legs were stiffened. A wound consistent with a gunshot entrance wound was located on the back of the head near the base of the skull. A check of the face and remainder of the head did not reveal an obvious exit wound. A second wound was located on the back of the left upper arm and a third wound was found on the left side of the torso. There were no other obvious wounds observed at that time. All personal items were removed from his pockets and seized as evidence, to include his wallet, keys and cell phone. Jim's body was placed in a zippered bag and the bag was sealed with tab #0011308 (reference M.E. case #12-2743).

Next, JT Ready's body was moved. All of his personal belongings were removed from his pockets and his person, to include a pocket knife, watch, flashlight, cell phone and a set of keys. Attached to his belt on his left hip was a magazine holster containing two fully loaded 20 round magazines. The rounds were the same make and caliber as the casings found in the scene. Attached to his belt on his right hip was an empty black molded plastic handgun holster.

JT was lying on his back with his upper body on the sidewalk and the left side of his lower body in the rocks. His arms were extended over his head. His left arm was pressed against a large clay planter. Above his left arm on the side of the planter I observed three blood drops clustered together with a vertical downward flow pattern. There was a large pool of blood around his head. The blood had begun to coagulate and dry, dark red mixed with bright red. I observed a small wound to the right side of the head above the right ear. The wound was consistent with a gunshot entry wound. The appearance of the wound was consistent with a contact wound. There was a small amount of brain matter protruding from the wound. There was no sign of an exit wound. I observed a large amount of dried blood that had exited both nostrils with a flow pattern over the bridge of the nose and down the forehead and right temporal side of the head. I observed blood protruding from the ears as well. I observed lividity in the hands, arms and back. There was a compression void in the lividity on the back, across the upper back and shoulders. JT's shirt was soaked in blood and rigor was present in the jaw and extremities. I observed bloodstains on the right hand. There were angled misting drops of blood on various portions of the knuckles and top of the hand. There was a lighter bloodstain on the right index finger along the thumb side of the finger. There was a blood drop on the top of the thumb with a flow pattern from the cuticle down the thumb and the wrist.

There was directional angled impact spatter scattered out from the larger stain around the head. I observed circular blood drops in a drip trail pattern leading from the front door to where JT was laying. The drip trail continued through the bloodstain around JT's head and over his body, noticeable on his pants and through the rocks to the east. The blood from the drip trail was thought to originate from Lily's body as she was carried out of the house by emergency personnel.

The bloodstain by JT's head and the drip trail presumed to be from Lily were both marked as evidence. A swab sample was obtained from each bloodstain as evidence.

Processing of the outside scene concluded and I then directed my attention to the inside scene.

Lisa's body was rolled over to her back. There was a small circular wound on the left side of the head in the

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

left temporal area. The wound was consistent with an entry wound. Both eyes were closed, however, the left eye appeared sunken and the left eyeball was not readily visible in the eye socket. There was a misshapen and irregular wound on the right side of the face. The wound was jagged and had exposed tissue. The wound was consistent with an exit wound. There was dried blood protruding from both nostrils and bloodstain mostly on the right side of the face with a flow pattern to the right side. The bloodstain location and concentration was consistent with the position in which Lisa's body was found. She had a lot of thick hair, tied in a ponytail; her hair was soaked in blood. The carpeted area around her head was soaked in blood with a high concentration located where Lisa's face was pressed against the floor.

I observed a silver necklace with a charm around Lisa's neck. I observed lividity along both forearms and on both hands. The middle finger on her right hand was fractured at the first joint and there was an obvious open wound on the pad side of the finger. The flesh exhibited tearing from the pad of the finger to the second knuckle crease, exposing bone and tissue. The wound did not have an obvious bullet strike pattern. However, there was information and evidence that suggested Lisa was on her cell phone speaking with a 911 operator when the shootings began. It was determined Lisa may have been holding her cell phone to her right ear with her right hand. The wound on the finger could be explained if the phone was in her right hand near her right cheek when the projectile entered the left side of her head and exited her right cheek. If the phone was in her hand and against the right side of her face when she was shot; it is possible her middle finger was struck by the exiting projectile. That possibility also explains why the phone was found in three separate pieces around Lisa's body. There was not any obvious damage to the phone, but if she dropped the phone after she was shot, it is not uncommon for a battery cover to break away allowing the battery to fall out.

Lisa's feet were positioned at the base of an angled wall. The wall had unidentified fluid in an arcing swipe pattern, near a hole in the drywall, which was consistent with a bullet hole. There was a small swipe of blood on the wall, mixed with the clear fluid. The blood swipe was approximately 4 feet in height from the floor. The clear fluid swipe also contained pieces of hair and other fragments of biological matter. To the right of the blood swipe was two scuff marks in the drywall. One of the marks was circular and consistent in size and shape of the end of a gun barrel. JT may have encountered Lisa at the wall while she was still standing and the end of the gun barrel may have struck the wall at some point. To the right and above the circular mark in the wall was a bullet hole which was small and oblong. There was some hair and small pieces of tissue stuck to the edge of the hole. The hole measured 4`5 " from the floor. On the opposite side of the angled wall facing the kitchen, I observed a second hole in the drywall. The hole was angled and linear in the direction of the kitchen. The hole measured 5`6` from the floor and lined up with the smaller hole on the opposite side of the wall. Standing on the side of the wall with the smaller circular hole, presumed to be an entry hole and looking west, I observed a hole in one of the kitchen cabinets. The hole was in line with both holes in the wall and was consistent with a projectile entering the east side of the wall, exiting the west side and entering the kitchen cabinet. Further examination of the kitchen cabinet revealed a projectile inside the cabinet.

The height and trajectory of the bullet path into the wall and cabinet was consistent with the height of Lisa 5`6`, or the area her face could have been when she was shot in the left side of her head. A reasonable conclusion is the projectile could have gone through her head left to right, exiting the right cheek and striking the wall continuing through the wall and into the kitchen cabinet. Lisa's body was placed in a zippered bag (reference M.E. case #12-2743)

Amber's body was lying on the left side with her head partially on the carpet and the tile entryway. The back of her head, neck and left shoulder were resting against a wall. There was a circular impact break in the

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

drywall just above her head. There were pieces of drywall stuck to the back of Amber's head. The mark on the wall was consistent with Amber's head possibly striking the wall. There was no information or evidence to support whether Amber's head was forced against the wall in a physical altercation, or if her head struck the wall as a result of possibly falling after being shot.

There was a large pool of blood on the tile around Amber's head. The bloodstain spread above her head toward the door and mixed with another bloodstain determined to be from Lily's head and in the area Lily's body was found. The carpet under Amber's head was soaked with blood as well.

After Amber's body was moved, I observed a gunshot wound on the back of her head, at the base of her head nearly center of the head. The wound was small and circular and there was accompanying stipple marks on the back of the neck below the entry wound. The stippling did not present a defined shape, but was scattered in a small area concentrated more to the left side of the neck. The presentation of the stippling was consistent with a close, non-contact gunshot. Amber's face showed signs of lividity on the left side of the face and forehead. There was blood protruding from both nostrils and smeared over the left side of the face and right eye. I observed a wound on the left side of the face near the nose just under the left eye. The wound exhibited tearing of the skin and had an irregular shape. The wound was consistent with an exit wound related to the entry wound on the back of the head. A projectile fragment was found impacted into the tile flooring in the area where Amber's face was resting on the tile. The projectile was likely from the gunshot that went through Amber's head, back to front, exiting the left side of the face.

A pair of black framed glasses was found on the tile floor where Amber's head was lying. The glasses were missing the left lens. The other lens was found outside the front door on the sidewalk. It is possible Amber was wearing the glasses when she was shot and the lens broke away from the frame when the projectile exited near her left eye. A pink cell phone was recovered from Amber's pants pocket. There were no other obvious injuries observed on Amber's body at that time.

Amber's body was placed in a zippered bag and sealed with tab #0013994 (reference M.E. case #12-2742).

Lily's body was picked up from the hospital by the Medical Examiner, reference M.E. case #12-2740.

Once all of the bodies were removed from the scene, evidence was collected from various areas in the house. There were several shell casings scattered around Lisa and Amber's body and in the tile entry by the front door. There were several pieces of bullet fragments collected. Fragments were found in the entryway and around Lisa's body. A total of 7 shell casings were found inside the house. A bullet fragment was found under Amber's head and several fragments were found near Lisa's body. A large bullet fragment and several smaller fragments were found in the tile entryway by the front door. The fragments near the front door were possibly related to the projectile that went through Lily's head.

It should be noted:

A projectile was found on the floor just inside the doorway of Brittany's room. The projectile was well formed and void of obvious damage or contaminants. The location of the projectile was inconsistent with the overall scene. Information from Brittany indicated her bedroom door was closed at the time of the shootings. There were no strike marks or obvious signs of a bullet strike anywhere in the area of Brittany's room. It is likely the projectile originated somewhere closer to either Lisa or Amber's bodies and the projectile could have been

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

inadvertently kicked or tracked from the immediate scene into to Brittany's room.

All items of evidence collected from the scene were placed in bags marked with a number and labeled for the contents.

In summary:

After a thorough investigation of the scene, evidence and known facts of this case, a preliminary conclusion was reached. There was only a single handgun found at the scene. JT Ready was wearing a handgun holster, which was empty. There was a known history of domestic violence between Ready and other members of the Mederos family, specifically involving Lisa Mederos and JT Ready. Initial information indicates Lisa wanted JT to move out of her house. Brittany Mederos reported she heard JT arguing with Lisa and Amber before the shots were fired.

Further information revealed JT had serious issues with Amber Mederos and Jim Hiott and he did not like them to be present in the house. An argument occurred between JT, Amber and Lisa. As far as is known, Jim was outside in front of the house during the argument. It has been confirmed Jim was on his phone just prior to the shootings.

The sequence of events that began inside the house cannot be determined precisely, but it is known that Lisa Mederos was on the phone with 911 when the first shots were fired. Information from the 911 recording seems to indicate Lisa is on the phone in another part of the house while JT can be heard in the background arguing with what is presumed to be Amber Mederos. Initial shots can be heard in the background with at least one shot fired and possibly a second while Lisa approaches the area JT and Amber are arguing. Lisa can be heard screaming about JT having a gun and another shot is fired, then the line disconnects. Based on that information it has been determined JT was in the presence of Amber and Lily while Lisa is on the phone. JT likely shot either Amber or Lily first before shooting the other. As Lisa walks around the corner of the angled wall, it is believed JT turns the gun on her, firing a round at her head. The round went through Lisa's face and through the wall into the kitchen and into a cabinet. It was later discovered at autopsy that Lisa suffered a second gunshot to the back of the head. After shooting Amber, Lily and Lisa, JT turned the gun on Jim, who may have approached as close as the front door to investigate what was happening. It is believed Jim ran away from the front door toward the driveway. JT fired three shots at Jim. One shot grazed Jim's right shoulder and travelled through the side mirror on JT's car parked in the street. A second shot struck Jim in the back of the left arm, continuing through into his back. A third shot struck Jim in the back of the head, killing him. JT exited the house and fired a single shot into the right side of his head, killing himself.

7 of the 8 casings recovered were found inside the house, supporting the fact JT stood inside the entryway while firing at Jim. A single shell casing was found outside and is believed to be from the final shot fired into JT's head. A total of 8 casings were recovered and a total of 8 bullet fragments were recovered or accounted for and correlates with the number of gunshot wounds found on the victims.

The 911 recording is in the process of being enhanced in an effort to be able to clearly hear details of the call.

A supplement will be completed regarding the preliminary results of the autopsies.

SUPPLEMENT:

On 5/18/12 at approximately 1515 hours, I met with Jess Boggs in the lobby of the Gilbert Police Department for a scheduled follow up interview. I escorted Mr. Boggs to interview room 23, where the interview was recorded and later downloaded to DVD and impounded at the Gilbert Police Department. The following is a brief summary of the interview for further details refer to the recording.

Jess provided background information on his relationship with Amber Mederos and her family. He lived in the home on Tumbleweed for several months including a period of time after Jason Ready moved into the home. Initially Lisa was happy after meeting Jason. After he moved into the home, Lisa became beaten down and depressed. The atmosphere in the home changed. Although Jess and Amber broke up as a couple they remained friends.

During the time Jess lived in the home, he participated in going to the border with Ready. Jess stated it was considered mandatory for him living in the home. He had a confrontation with Ready concerning mistreatment of undocumented immigrants they located on the border. He denied being present when anyone was shot but stated comments made by Ready indicated someone had been shot at sometime.

Amber remained living with Lisa and Ready after Jess moved out. She met Jim and Jim moved to Arizona to be with Amber. Because he came to the state with nothing he also moved in with Lisa and Ready. Jim was then expected to go to the border with Ready. Although Ready had never made comments to Jess about his ethnicity he did make comments to Jim about Amber having a baby with a Mexican. Because of comments Ready was making and the fact that he was always armed, Jess threatened to take Amber to court for custody of Lily. Jess stated he feared for his daughter's safety in the home.

Amber, Jim and Lily moved out of the home in the end of 2011. Amber continued to go to the home weekly

Incident/Investigation Report

Case Number: 12-000007100

Supplement Notes

to see her mother. Although Brittany moved into the home, Jess believed she spent little time there. He was aware of the family's efforts to separate themselves from Ready.

He last spoke to Amber on the evening of 5/1/12. On 5/2/12, Jess knew Amber, Jim and Lily were at the home to get together with Lisa and Brittany to go to lunch at Joe's Barbecue. He believed Ready had already been told to move out of the house. That is the reason Jess believes Ready killed the family.

He had no specific information about the actions taken on the 2nd.

SUPPLEMENTAL REPORT:
PRELIMINARY AUTOPSY INFORMATION
DECEDENTS: LISA MEDEROS
 AMBER MEDEROS
 LILLY MEDEROS
 JIM HIOTT
 JASON READY

NARRATIVE:

On 5/4/2012, I attended the autopsies for the listed decedents. The following comments are considered preliminary findings from the autopsies. A comprehensive report will not be completed until the final report of autopsy is made available to this Investigator.

Lisa and Lilly`s autopsies were conducted by Dr. Lyon.

The following injuries were noted for Lilly Mederos:

A wound consistent with the appearance of an entry wound (circular with smooth edges) was identified on the left side of the face near the cheek bone between the left eye and the left ear. There was evidence of stippling around the entry wound, scattered in an irregular pattern on the left cheek and left temporal region. I observed the same stippling pattern marks sparsely scattered on the upper outside of the left arm. The irregular and scattered pattern of the stippling is consistent with a close non-contact gunshot. The exit wound was located on the upper right side of the head near the crown of the head. The wound was larger than the entry and exhibited skin tearing with biological matter protruding from the wound. The skull was partially exposed and there was evidence of skull fracturing. There were no other obvious injuries noted at the time of the autopsy.

Lilly`s clothing had already been collected when she was at the hospital. She still had a small silver earring in each ear.

I observed Lisa Mederos` autopsy.

There was a small circular wound consistent with an entry wound located in the left temporal region. There was some possible stipple above the wound, four specific markings consistent with stipple. The lack of a pattern and small amount of stipple is consistent with a non-contact wound. The left eye was sunken and the

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

left eye socket was void of an eyeball.

There was a wound of irregular shape on the right cheek bone. The edges were jagged and exposed flesh. The wound was consistent with an exit wound, originating from and consistent with the entry wound on the left temple.

Those two wounds were known and identified while Lisa's body was at the scene. However, a second wound was found on the back of the head near the base of the head. Due to the large amount of thick hair, it was not readily visible at the time Lisa's body was collected. The hair had to be cut and shaved away to expose the wound. The wound was linear across the back of the head, possibly an angled wound which travelled through the skin and into the head. There was no exit wound identified with that injury and a projectile was collected from the brain. It is not known if the wound was a contact or non-contact wound. There was no specific evidence to determine either scenario.

A third injury was noted on the right middle finger. The wound exhibited skin tearing and exposed fractured bone. The wound was consistent with a continuation of the projectile that travelled through the face, left to right, exiting the right cheek and through the finger. It is believed Lisa was holding her cell phone to the right side of her face when she was shot the first time. There were no other injuries noted at the time of the autopsy.

Several bullet fragments were recovered from the brain and collected as evidence. All of Lisa's clothing was collected as well.

Dr. Wallace conducted the autopsy on Amber Mederos. The following injuries were confirmed.

There was a small circular wound on the back of the head in the occipital region. There was evidence of stippling scattered below the wound and the hairline. The stippling did not exhibit a specific pattern, but was consistent with a non-contact wound. The wound was consistent with an entry wound.

There was a second wound located on the left side of the face near the lower eyelid of the left eye. The wound was slightly angled and exhibited a tear pattern, which was linear, exposing a small amount of tissue. The wound was consistent with an exit wound related to the entry wound found on the back of the head. There were no other injuries noted during the autopsy.

There were no bullet fragments located in the head. A fragment located at the scene was likely related to the fatal shot that travelled through Amber's head. All of Amber's clothing was collected as evidence.

Dr. Wallace also conducted the autopsy on Jim Hiott. The following injuries were noted.

The first injury observed was a set of two irregular shaped holes on the back of the left arm above the elbow. One of the wounds was slightly larger than the other. Though it was not obvious which wound was an exit or an entry, the larger wound was determined to be an entry wound and the smaller an exit wound. This was determined by trajectory and the fact that the two wounds lined up with a third wound in the left side of the body below the armpit. The body wound was small and circular in shape. The wound was consistent with an entry wound and the projectile came to rest in the back. The doctor indicated the injury was not classified as fatal.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

A fourth wound was observed on the back of the head more to the right side in the occipital region. The wound was small with smooth edges and slightly oblong in shape. The wound was consistent with an entry wound. There was no exit wound associated with the head wound. A projectile was found inside the brain near the front left temporal region. The projectile pierced the skull, but did not break the skin.

A fifth injury was located on the top of the right shoulder. The injury did not embed in the body, but had the appearance of an abrasion, consistent with a gunshot graze. The graze wound would be consistent with a shot that went through the side mirror of the black car parked in the street at the scene.

The injuries appear to indicate Jim may have been moving at the time he was shot. The graze wound and the wound through the arm into the body indicated Jim might have been running away from the threat. The final shot was likely the shot in the back of the head, which was fatal.

The projectile and all of Jim`s clothing were collected as evidence.

Dr. Davenport conducted the autopsy on Jason Ready. The following injury was noted.

A single wound was located on the right side of the head slightly in front and above the right ear. The wound was small and oblong with evidence of burn marks (consistent with the barrel of the gun pressed against the head). The wound was consistent with a contact entry wound. There was no exit wound and a projectile was recovered from the brain.

The projectile and all of Jason`s clothing were collected as evidence.

All of the items collected during the autopsies were impounded as evidence.

This case will remain Inactive Pending Lab results.

SUPPLEMENTAL REPORT:

NARRATIVE:

On 6/6/2012, I met with Special Agent Mourning from the FBI taskforce to provide him with requested items of evidence.

Mourning, on behalf of the FBI requested access to the cell phones seized as evidence, belonging to and recovered from the persons of Lisa Mederos, Amber Mederos, Jim Hiott and Jason Ready.

I signed out and turned over the following items of evidence:

Item #314777 Jim Hiott phone
Item #314803 Amber Mederos phone
Item #314818 Jason Ready phone
Item #314787 Lisa Mederos phone
Item #314785 Battery for Lisa`s phone
Item #314784 Battery cover for Lisa`s phone

The listed items were all provided to Special Agent Mourning to further assist in their investigative efforts. The phones will be returned to this Investigator when the FBI has finished with their use of them.

GILBERT POLICE DEPARTMENT COMPUTER FORENSIC UNIT SUPPLEMENTAL REPORT

On 5-2-12, at 1500 hours, I arrived at [REDACTED] [REDACTED] in Gilbert to provide assistance related to a multiple homicide. I met with Sergeant D. Meyer #1753, who advised I would be responsible for collecting electronic evidence, including cell phones, inside the home. Initial responders identified several hazards at the residence, including hazardous material and explosives, which ultimately delayed service of a search warrant on the residence. In the interim, there was vacillation between whether the electronic evidence would be collected by the Gilbert Police Department or by the Federal Bureau of Investigation. In the end, it was determined that the FBI would collect the computers and the Gilbert Police Department would collect the cell phones.

On 5-3-12, at 0225 hours, I entered the residence with FBI Special Agent B. Meshinsky, Special Agent J. Leard, and Information Technology Specialist J. Evans. Two desktop computers were located in the living room, which the FBI collected. A laptop computer belonging to Brittany Mederos was brought out from her bedroom and turned over to the FBI. I did not handle any of the computers. After the FBI personnel and I exited the residence at 0305 hours, Sergeant Meyer informed me Violent Crimes Unit detectives would collect and impound the cell phones. I was then released from the scene.

On 5-9-12, I obtained four cell phones collected from the residence from Detective J. Biggs #2506. On 5-9-12 and 5-15-12, I performed imaging, extraction, and examination on the devices. Please refer to my examination report, dated 5-16-12, for details.

On 5-10-12, I met with Special Agent Meshinsky at the FBI Phoenix field office, who provided me with a hard drive containing forensic images of the computers they collected from the residence. I copied the forensic images to the evidence server at the Arizona Regional Computer Forensic Laboratory.

I examined the forensic images using Guidance Software EnCase version 6.19. I did not locate any notable files within the week prior to the homicide that would shed any light onto what ultimately occurred at [REDACTED]

This concludes my involvement to date. If I conduct any other examination or investigative activity, I will document it in a supplemental report.

SUPPLEMENTAL REPORT:

AUTOPSY FINDINGS: MEDICAL EXAMINER CASE #12-02740

DECEDENT: LILLY LYNN MEDEROS

NARRATIVE:

I received the final report of autopsy for Lilly Lynn Mederos. The examination was conducted on 5/4/2012 by Robert E. Lyon, DO.

The pathological diagnosis concluded:

- I. Gunshot wound to the head with perforation of the skull and brain
- II. Lymphoid follicular hyperplasia of mesenteric lymph nodes

Examination of the head injury noted an entry wound to the left temporal region with accompanying moderately dense stippling over the left temporal region of the head, left aspect of the face, forehead and nose.

The left upper arm presented a vertical zone of moderately dense stippling.

The exit wound is over the right occipital aspect of the scalp, centered to the right of the posterior midline. The wound was described as roughly stellate (star shaped) with no stippling, soot or muzzle imprint.

The wound path sequentially runs through the left temporalis muscle and continues through the front parietal temporal juncture of the left cerebral hemisphere, right and left ventricles of the brain and right occipital lobe of the brain.

The direction of the wound path was determined to be from left to right, upward and from front to back. The findings are consistent with my observations of the scene along with the evidence and facts known to me.

Three small copper projectile fragments were recovered from the inner lamina of the occipital bone of the skull.

There were no other injuries noted in the report.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

The toxicology report was negative.

The cause of death was listed as: Gunshot wound to the head with perforation of skull and brain

The manner of death was listed as: Homicide

A copy of the report of autopsy is maintained at the Maricopa County Office of The Medical Examiner.

Case status remains DNR-Active.

SUPPLEMENTAL REPORT:

AUTOPSY FINDINGS: MEDICAL EXAMINER CASE #12-02741

DECEDENT: JIM FRANKLIN HIOTT

NARRATIVE:

I received the final report of autopsy for Jim Franklin Hiott. The examination was conducted on 5/4/2012 by Lesley E. Wallis, DO.

The pathological diagnosis concluded the following:

- I. Penetrating gunshot wound of the head
- II. Perforating gunshot wound of the left arm and chest
- III. Penetrating gunshot wound of the back

The head wound consisted of a single entry wound with no exit. The projectile perforated the right occipital bone, lacerating the right occipital lobe before perforating through the right cerebellar hemisphere, also lacerating the midbrain before perforating through the left cerebral hemisphere, becoming lodged in the dura and left temporal bone. There was no soot or stippling identified with the wound. Multiple metallic fragments and copper jackets were collected and turned over to Police Investigators.

The wound path was determined to be from back to front, right to left and upward.

The perforating wound of the left arm and chest consisted of an entrance wound to the posterior medial upper left arm. The projectile perforated the soft tissue of the left arm before exiting the medial aspect of the left arm. There was no soot or stippling associated with the wound. The left arm was re-approximated to the left chest. The exit wound corresponded with a re-entry wound within the left chest. The projectile perforated the soft tissues lacerating the tissues of the back before coming to rest within the soft tissues of the right back. There was no soot or stippling associated with the wound. A deformed copper jacketed projectile was recovered and turned over to Police Investigators.

The wound path was determined to be from back to front in the arm and front to back in the chest, left to right and slightly upward in the arm and downward in the chest.

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

A graze wound was noted on the superior aspect of the right shoulder. There was no soot or stippling associated with the wound.

The Medical Examiner's findings are consistent with the facts known to me and based on my observations at the scene.

The toxicology report was negative.

The cause of death was listed as multiple gunshot wounds.

The manner of death was listed as homicide.

A copy of the report is maintained at the Maricopa County Office of The Medical Examiner.

This case remains DNR-Active.

SUPPLEMENTAL REPORT:

AUTOPSY FINDINGS: MEDICAL EXAMINER CASE #12-02742

DECEDENT: AMBER NIEVE MEDEROS

NARRATIVE:

I received the final report of autopsy for Amber Nieve Mederos. The examination was conducted on 5/4/2012 by Lesley E. Wallis, DO.

The pathological diagnosis concluded the following:

Perforating gunshot wound of the head

The entrance wound was located within the hairline of the right occipital scalp. The projectile perforated the soft tissues of the right occipital scalp, lacerating the right cerebellum and right aspect of the mid-brain before perforating through the sphenoid bone, traversing the right maxilla and exiting the left lateral aspect of the nose. A semicircular shaped area of faint stippling was located near the entrance wound. There were no projectile fragments observed or recovered from the head.

The wound path was from back to front and slightly right to left. The Medical examiner's findings are consistent with what I observed at the scene and with information and facts known to me.

The toxicology report was negative.

The cause of death was listed as: Gunshot wound of the head

The manner of death was listed as: Homicide

A copy of the report is maintained at the Maricopa County Office of The Medical Examiner.

This case will remain DNR-Active.

SUPPLEMENTAL REPORT:

AUTOPSY FINDINGS: MEDICAL EXAMINER CASE #12-02743

DECEDENT: LISA LYNN MEDEROS

NARRATIVE:

I received the final report of autopsy for Lisa Lynn Mederos. The examination was conducted on 5/4/2012 by Robert E. Lyon, DO.

The pathological diagnosis concluded the following:

- I. Gunshot wounds to the head
- II. Perforations of the skull
- III. Perforation of the brain
- IV. Perforation of the globe
- V. Gunshot wound to the finger
- VI. Perforation of the phalanges
- VII. Blunt impacts to the face and wrist

The first described wound is the entrance wound to the left temporal region. The skin around the wound presented a vertical array of sparse stippling. The adjacent skin had no soot or muzzle imprint. The wound path ran through the left temporal region, through the orbit and left globe (eyeball), paranasal sinuses, right zygomatic region and exited over the right malar region of the face. No projectile was recovered. The direction of the wound path was from left to right and downward.

Secondly, a gunshot wound to the right third finger. The anterior aspect of the right third finger had a linear perforation with no soot or stippling. The right third finger posteriorly and distally at the juncture with the proximal end of the fingernail had a stellate (star shaped) perforation. The skin between the right second and third fingers had a vertical slit shaped perforation. All three perforations communicated with each other (related to a single event). The direction of the wound path could not be determined.

A second gunshot wound to the head revealed an entrance wound located over the posterior inferior aspect of the head. The wound was a composite entrance and gutter wound. The gutter wound component extends to the

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

right and penetrates the scalp to periosteum. The wound communicates with the entrance wound to the galea. The entrance perforation wound runs through the occipital bone just to the right of the posterior midline and continues through the superior aspect of the right cerebellar hemisphere and penetrates the occipital, parietal and front lobes of the right cerebral hemisphere. There was no exit wound. A total of 12 projectile fragments were recovered from the cranial cavity. Two additional fragments were recovered from the body bag and two more recovered from the decedent's hair. The fragments were turned over to Police Investigators as evidence.

The direction of the wound path was from back to front and from left to right.

Other injuries noted were a purple cutaneous contusion to the left lateral aspect of the face and a red cutaneous contusion to the right wrist.

The Medical examiner's findings are consistent with my observations at the scene and with the information and facts known to me. Specifically, the injury to the right third finger is consistent with the belief that Lisa was holding her cell phone to the right side of her face when she was shot in the face. Combined with the audio from the 911 call and physical evidence, it is believed Lisa was on the phone when the first shot was fired at her. As evidenced by the autopsy findings, that injury did not interfere with any cranial activity and was not necessarily a fatal wound. The contusion described on the left side of the face is consistent with the belief that Lisa's face struck the interior wall near where she was standing when she was shot. I can only speculate that her face was either forced against the wall by the aggressor after she was shot (biological evidence smeared on the wall) or her face impacted the wall possibly falling after she was shot. The second gunshot wound in the back of the head is an indication Lisa was likely lying on the floor when she was shot the second time. This is determined by the fact there was a gutter wound, or a traveling linear wound caused by a severely angled shot. Furthermore, the fragments from the projectile were located around her head on the floor.

The toxicology report was negative.

A copy of the report is maintained at the Maricopa County Office of The Medical Examiner.

This case will remain DNR-Active.

SUPPLEMENTAL REPORT:
AUTOPSY FINDINGS: MEDICAL EXAMINER CASE #12-02744
DECEDENT: JASON TODD READY
NARRATIVE:

I received the final report of autopsy for Jason Todd Ready. The examination was conducted on 5/4/2012 by Etoi Davenport, MD.

The pathological diagnosis concluded the following:

- A. Penetrating gunshot wound of the head
- B. Entrance: right temporal scalp
- C. Bullet perforates skull and brain
- D. Bullet recovered from lateral left temporalis

The entrance wound was described as a roundish shaped wound to the right temporal scalp. The skin around the entrance wound had a curvilinear square shaped abrasion and a separate circular red abrasion (muzzle imprint).

The path of the bullet travelled through the temporal lobe with extensive pulpification and hemorrhagic fragmented parenchyma. It disrupted the midbrain and brainstem and entered the left cerebrum coming to rest in the lateral left temporalis. There was no exit wound. A copper colored gray jacketed mushroom shaped projectile was recovered from the lateral left temporalis.

The direction of the projectile was from right to left, slightly front to back with no significant vertical deviation identified.

The Medical Examiner's findings are consistent with what I observed at the scene and with information and facts known to me.

The projectile was turned over to this Investigator for impoundment as evidence.

The toxicology report was negative for any significant findings.

The cause of death was listed as: Gunshot wound of the head

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

The manner of death was listed as: Suicide

A copy of the autopsy report is maintained at the Maricopa County Office of The Medical Examiner.

This case will remain DNR-Active.

Supplement Notes

I was asked to conduct a records check on Jason Todd Ready after the homicides. JT ready had two past reports of domestic violence abuse which were documented. Gilbert report number 09000013945, on 08/08/09 at 2142 hours, Angela Ferguson reported Jason Todd (JT) Ready assaulted her while in the area of Houston and Cooper, Gilbert when he choked her twice. When Angela attempted to get out of the vehicle, JT sped away knocking her down causing her to scrape both knees. Angela Ferguson was not contacted.

On the second reported incident Gilbert report number 12000003412, on 02/28/12, the victim, Lisa Mederos, reported she and her boyfriend, Jason Todd Ready, choked her. Lisa stated she almost lost consciousness. JT also placed his hand over the top of Lisa`s mouth and nose during an argument.

05/17/12 Det. Mouring with the FBI JTTF task force and I interviewed Constance Cayer at [REDACTED] Mesa. Constance was in a few Mesa reports as a girlfriend of JT Ready but no incidents of abuse were reported. Constance had seen the news and knew JT Ready had killed his family and himself. Constance said JT scared her and knew he would hurt someone one day.

Constance met JT Ready in November of 2009, when she needed a headlight from Auto Zone and JT helped her fix the light and asked her out. Since JT worked at Auto Zone she thought he was responsible and at first he seemed nice. When she met JT her family was telling her to get out of the house and meet new people and Constance thought JT would be a good beginning. They went to dinner and a movie on their first date. Constance said he was nice at first until he learned she had a Hispanic friend. JT told Constance she was a "spic lover" putting her down several times and told her not to be friends with him. Constance said soon after she learned he was a "Nazi". JT Ready was very interested in Constance because of her German heritage. JT explained to Constance the holocaust was a lie and didn`t happen and he was a firm believer in being a holocaust denier. After a few months of knowing JT Constance decided she didn`t want to be friends but JT started harassing Constance and sent her fifty to seventy five text messages every day. Constance explained JT has an Aunt named Carol who has a chicken ranch in Montana. Carol and her lover Stephanie have a ranch in Montana and commute to Phoenix because Carol has a Chiropractic office in Phoenix off of Camelback and 24th st. Constance called Carol and told her JT was manic and asked Carol to tell him to stop harassing her and sending her text messages. JT would send a text telling her he loved her and then the next would tell her she was going to die. JT Ready has contacted Constance`s relatives since they broke up telling them to tell her he loved her and missed her. The last time he contacted her family was about a month ago. Constance learned he was fired from Auto Zone she believes because of his political views but doesn`t know much else about him.

Constance was frustrated that Harry Hughes, a friend of JT`s requested her to be a friend on Facebook and she

Supplement Notes

didn't want to be his friend. Constance was scared of JT and knew he would kill someone someday. Constance thought JT would kill someone on the border because he wanted to, "Keep America safe". JT always told Constance that he wasn't afraid to kill people to protect America. Constance couldn't figure out why his current girlfriend was half Hispanic because he hated Mexicans. Constance only knew a little about JT Ready's past and told her he grew up in Florida and his step-dad use to beat him but still talked to his mother who lives on the gulf side. He has a half brother that lives in Florida and his aunt is Carol lives part time in Phoenix. Constance said she used to talk to JT on the phone a lot but didn't see each other much because she has a young son. Constance knew JT was in the military and he told her a story about being court marshaled for carrying a gun when he shouldn't have, but found a loop hole and got out of it. She knew JT was fluent in German and got a scholarship to Germany as a kid but didn't develop his political views in Germany but in the military. Constance said she was never a part of the US border guard and explained JT started after the group after they ended their friendship. Constance said he told her his ex wife's mother was a council member in Mesa. JT told Constance his ex-wife was mental unstable, but she didn't know else anything about his ex-wife. Constance also explained JT was a self claimed atheist and was a member of the Mormon Church for a while but said it was only for political reasons. For the past two and half years Constance has tried to stay away from JT Ready and she had no other information.

An ATF trace was performed on several of the weapons recovered at [REDACTED], Gilbert. The following are the results which have returned of the recovered weapons:

SUPPLEMENTAL REPORT:

INCIDENT: HOMICIDE

LOCATION: [REDACTED] GILBERT, AZ 85233

SUSPECT: JASON T. READY

VICTIMS: LISA MEDEROS
AMBER MEDEROS
LILY MEDEROS
JIM HIOTT

CONCLUSION:

After a thorough investigation of the scene, evidence and known facts of this case concluded the following:

There was a single handgun found at the scene. The gun was known to be owned by JT Ready and he was wearing the only handgun holster, which was empty. There was a known history of domestic violence between Ready and other members of the Mederos family, specifically involving Lisa Mederos and JT Ready. Family members indicated Lisa wanted JT to move out of her house. Brittany Mederos reported she heard JT arguing with Lisa and Amber before the shots were fired.

JT Ready was known to have serious issues with Amber Mederos and Jim Hiott and he did not like them to be present in the house. An argument occurred between JT, Amber and Lisa. Jim Hiott was outside in front of the house during the argument. It has been confirmed Jim was on his phone just prior to the shootings.

The sequence of events that began inside the house cannot be determined precisely but it is known that Lisa Mederos was on the phone with 911 when the first shots were fired. Information from the 911 recording seems to indicate Lisa is on the phone in another part of the house while JT can be heard in the background arguing with what is presumed to be Amber Mederos. Initial shots can be heard in the background with at least one shot fired and possibly a second while Lisa approaches the area JT and Amber are arguing. Lisa can be heard screaming about JT having a gun and another shot is fired, then the line disconnects. Based on that information it has been determined JT was in the presence of Amber and Lily while Lisa is on the phone. JT likely shot either Amber or Lily first before shooting the other. As Lisa walks around the corner of the angled wall, it is believed JT turns the gun on her, firing a round at her head. The round went through Lisa's face and

Incident/Investigation Report

Agency: Gilbert Police Department

Case Number: 12-000007100

Supplement Notes

through the wall into the kitchen and into a cabinet. It was later discovered at autopsy that Lisa suffered a second gunshot to the back of the head. After shooting Amber, Lily and Lisa, JT turned the gun on Jim, who may have approached as close as the front door to investigate what was happening. It is believed Jim ran away from the front door toward the driveway. JT fired three shots at Jim. One shot grazed Jim's right shoulder and traveled through the side mirror on JT's car parked in the street. A second shot struck Jim in the back of the left arm, continuing through into his back. A third shot struck Jim in the back of the head, killing him. JT exited the house and fired a single shot into the right side of his head, killing himself.

7 of the 8 casings recovered were found inside the house, supporting the fact JT stood inside the entryway while firing at Jim. A single shell casing was found outside and is believed to be from the final shot fired into JT's head. A total of 8 casings were recovered and a total of 8 bullet fragments were recovered or accounted for and correlates with the number of gunshot wounds found on the victims.

The handgun used in the incident was found on the ground outside, between Jim Hiott's body and JT Ready's body. The evidence at the scene and subsequent autopsies support the fact that JT Ready was the lone shooter who shot all four victims followed by shooting himself. There was no other evidence indicating the notion of a second or multiple gunmen or the use of any other weapon besides the 9mm handgun recovered from the scene.

The evidence at the scene and facts gathered through such sources as the 911 call support the fact that JT Ready was involved in a heated argument with Lisa Mederos and Amber Mederos at the time of the shootings. The sequence of events indicated the shootings commenced and ended within seconds.

This case ultimately is classified as a murder-suicide and has been exceptionally cleared due to the death of the offender.

IMPORTANT INFORMATION

WHY WAS YOUR VEHICLE TOWED AND HOW CAN YOU GET IT BACK? Please see **TOW TYPE** on the front of this form to determine why this vehicle was towed and refer to the corresponding title below for a complete explanation.

ARS 28-872

If the box next to **ARS 28-872** is checked, the vehicle was towed by the authority of the Gilbert Police Department because the vehicle was abandoned, the driver was arrested, the vehicle was reported stolen, or it was involved in a collision and the driver was incapacitated or otherwise unable to provide for the custody or removal of the vehicle. If you desire a hearing to refute the officer's legal reason to tow your vehicle, please refer to **ARS 28-872** for information and then contact the Gilbert Police Department at (480)503-6500.

The vehicle owner or authorized representative may claim this vehicle at any time from the towing company named on the front of this form. You must show the towing company photo identification and proof of ownership in order for this vehicle to be released to you. The owner of this vehicle is liable for all towing fees and storage charges. If the vehicle is unclaimed for more than ten (10) days, under Arizona law the towing company may file for an abandoned title and seek ownership of this vehicle. Contact the towing company named on the front of this form for questions about claiming this vehicle.

ARS 28-3511

If the box next to **ARS 28-3511** is checked, the Gilbert Police Department has impounded this vehicle for a period of thirty (30) days pursuant to the provisions of **Arizona Revised Statute 28-3511**. The reason for this impoundment is because the driver, at the time of the traffic stop or collision, did not have a driver's license or record of a driver's license, had a revoked/suspended/cancelled driver's license, was under the age of 21 years with alcohol in his/her body, was arrested for Extreme or Aggravated DUI, or the person was subject to an ignition interlock device which was not installed or functioning. This mandatory impound law applies to the vehicle the offender was driving, even if the driver is not the owner. This mandatory impoundment is also separate from any criminal charges filed against the driver.

STANDARD RELEASE: To retrieve your vehicle on or after the required 30-day impoundment, you must schedule a time for release by calling (480) 635-7511. Further, you must bring your valid driver's license, proof of valid insurance for the vehicle and proof of current registration to the Gilbert Police Department once scheduled. Please resolve all driver license issues with the court and/or Motor Vehicle Division. Your vehicle cannot be released unless your driver's license, insurance and registration are valid. If you recently purchased this vehicle but have not transferred the title into your name, you must do so before claiming it. Upon verification of these items, the Gilbert Police Department will give you a release form to claim your vehicle. You must take this release form to the towing company. **The towing company is prohibited from releasing this vehicle to you unless you have the Gilbert Police Vehicle Impound/Authorization for Release form.** You must pay all towing and storage fees and you must show the towing company photo identification and proof of ownership in order for this vehicle to be released to you.

Please note: If this vehicle is unclaimed for more than ten (10) day after it is eligible for release, under Arizona law the towing company may file a claim for an abandoned title and seek ownership of this vehicle.

EARLY RELEASE: You may be eligible to retrieve your vehicle prior to the end of the 30-day impound period. If you meet any of the conditions below, you may request a hearing and the hearing officer may determine your vehicle is eligible for immediate release. This vehicle will not be released early without a hearing. **Only the vehicle owner, owner's spouse, owner's agent (lawyer), or lien holder may request a hearing.** The hearing must be requested within ten (10) days from the date of notice. Hearings are held within five working days of receipt of the request.

This vehicle may be eligible for early release if:

- It was stolen at the time it was impounded (a police report is required);
- It was driven by an employee of a business (including a parking service or repair garage) and the employer's vehicle is subject to bailment (leased vehicle);
- The owner's driver license has been reinstated;
- It is a rental vehicle (and it was not being driven by an employee or owner of the rental vehicle company at the time of impoundment);
- The owner or owner's spouse (NOT the person driving the vehicle at the time of impoundment) enters into an agreement with the Gilbert Police Department for one year promising not to allow this vehicle to be operated in violation of ARS 28-3511 or it will not be eligible for early release for future violations of ARS 28-3511;
- It is required by the court to be equipped with a certified ignition interlock device and proof of installation is shown to the hearing officer;
- It has been repossessed (foreclosure documents or an affidavit of repossession required);
- It is determined the vehicle was improperly impounded by the officer.

You may request a **Tow Impoundment Hearing** by calling the Gilbert Police Department at (480) 635-7511. At the conclusion of the hearing, you will be notified if this vehicle is eligible for immediate release. If your request is **DENIED**, you must wait until the 30-day impound period has expired and follow the instructions above (see **STANDARD RELEASE**). If your request is **APPROVED**, you may retrieve your vehicle by bringing your valid driver license, proof of current insurance and proof of current registration to the Gilbert Police Department as directed by the Towing/Hearing Specialist.

See **STANDARD RELEASE** for additional information. **Please note: Except for stolen vehicles or improperly impounded vehicles, the vehicle owner is responsible for all fees relating to the impoundment, including vehicles eligible for early release.**

EVIDENCE/SEIZURE:

If the box next to **EVIDENCE/SEIZURE** is checked, this vehicle has been impounded as evidence of a crime or seized by the Gilbert Police Department. If you are the owner of this vehicle or have a property interest in this vehicle, please contact the Property and Evidence Section at (480) 635-7080. Be ready to provide the report number (DR Number on the front of this form).
